Champion Queen Bee.
Dropping 180 Feet.
Fable of the Faggots.
"The Tenderest Sentiment."

By Arthur Brisbane

J. M. CUTTER & SON of Montgomery, Ala., pay $150 for one-half interest in "Achievement Girl."

That lady is a queen bee raised at Amenia, N. D., and her children have beaten all records for honey production. The queen will be sent by mail, registered and insured to Montgomery to spend the Winter producing young bees then return to Amenia to continue her work, on a fifty-fifty basis, for the double ownership.

That record price for a queen bee is more interesting than any race horse price, and the bee is a more extraordinary animal than any horse. The worker bees can take the young of that queen and make of any one a fertile queen, spending her life in motherhood or a sterile worker to gather honey.

* * *

Bees know things that humans don't know, and in some ways they are wise. They sting to death all the worthless drones as soon as the queen has made her choice among them for a husband. We feed our drones indefinitely.

* * *

A news jotting says, "Railroad owners are pleased to learn that conductors and trainmen have separated from other railroad unions." The owners may well rejoice remembering the fable of the dying father who showed his sons how easy it is to break sticks, ONE at a time.

The unions are separating, and disagreeing, each going its own way. The railroads and other corporations are more and more closely united. It needs no seventh son of a seventh son, or any ghost come from the grave, to predict the results of that.

Greeting the American Child Hygiene Association President Harding praises love of children as "the tenderest of sentiment of civilization." It is also the tenderest sentiment of barbarism, and all the way down through animal life to the lowest of the mammals—and even below. For the scorpion mother walks around in the sunlight carrying her young ones that cling to her body, gradually devouring it, until there remains only an empty shell.

Human children don't do that, but some of them give a pretty good scorpion imitation allowing the mother to work herself to death, although they don't exactly eat her.

Love of children is more than "tender." It is the one thing that has made life possible and gradually changed human beings from blood drinking cannibals to semi-civilized creatures.

* * *

England pays fifty millions, first installment—of interest—on her debt to America. She will pay all unless sentimentality says "Never mind." England owes the money to citizens of this country. If she does not pay they must pay in more taxes. England owes billions to her own citizens. If any debt must be canceled, why not cancel the debt that England owes to Englishmen, instead of the debt she owes to Americans. "Englishmen owning consols would not like that," you say. Quite so, but Americans will not like five billions of extra taxation. Cancellation should begin at home.

* * *

[illegible] government's half-billion [illegible] offer is over-subscribed by [illegible]. There is some money [illegible]. France had to pay one [illegible] thousand million francs to [illegible] the French people subscribed the amount fourteen times over.

Germany is now paying back [illegible] with pretty heavy in[illegible]. If France proves too mili[illegible] unreasonable, she, in [illegible] will pay back, with [illegible] she gets now from Germany and more. And so it goes. [illegible] or defeat, war does not [illegible]

Fred A. Koenig Is Named Extension Head

Directors of the Holstein-Fresian Association of America have chosen Fred A. Koenig, formerly connected with a Wisconsin farm publication, as a director of their extension service. Fred Pabst of Waukesha county was named a member of a committee to supervise all money awarded to state and district organizations.

Democrat Says Klan for G.O.P.

Carroll Says Order Supported W. J. Morgan and Gov. Blaine

That the Ku Klux Klan supported Republican candidates, including Gov. John J. Blaine and Atty. Gen. Morgan, in the recent primary, is the charge made in a statement just issued in Milwaukee by W. D. Carroll, secretary of the Democratic State Central committee.

The statement alleges that the only Republican candidate who was not endorsed by the Ku Klux Klan was Solomon Levitan, Republican candidate for state treasurer. The statement of Mr. Carroll follows:

"The most dastardly attempt ever made in Wisconsin to poison the minds of the voters in a political campaign has just come to light through the big meeting held in Milwaukee on Saturday night, Oct. 7th, by what is known as the Ku Klux Klan.

"Rumors of the purpose of this organization were in circulation during the primary campaign but received no serious consideration except from Atty. Gen. Morgan and who, like Gov. Blaine, received the endorsement of the organization. These endorsements appeared through advertisements in various state papers.

"Mr. Morgan immediately denied his connection with the organization in the following vigorous language:

> "My opponents have persistently attempted to bring a religious issue into this campaign. The most recent campaign lie which is being circulated in Milwaukee particularly is that I have been endorsed for governor by the Ku Klux Klan. If I have been endorsed by the Ku Klux Klan I do not know it. I have not sought the endorsement of that organization or any other. The statement may be wholly unwarranted by any facts, but if I have been endorsed by the Ku Klux Klan I want to here and now repudiate that endorsement. I have no sympathy for any organization, organized to foment prejudice against any race or creed. It is said that the Ku Klux Klan is organized along anti-Foreign, anti-Catholic, anti-Jew and anti-Negro lines."

"That the true purposes of the organization was known to the Republican candidates is clearly evidenced in the fact that in a public speech made at the Auditorium, on Oct. 5 the head Klansman confirmed Mr. Morgan's statement in the following language.

> "The time has come for a reckoning with the Catholic priesthood. We are not trying to provoke a fight, but we propose to take off the mask and

Death Rate of Babies Here is Reported Low

U. S. Census Figures Show Madison Mortality Table Best

There is a lower death rate among infants under one year of age in Madison than in any other city in Wisconsin, according to figures of the United States census bureau which has just been made public. The figures given out at Washington are for the year 1921. For each 1000 births in the city of Madison, there are 47 deaths among infants, under one year of age. The figures for other cities in the state follow:

Area	Births	Deaths In- Deaths under 1 yr.	Increase or decrease per 1,000 births, since 1920.
Appleton	495	87	22
Ashland	330	91	5
Beloit	458	83	—1
Eau Claire	594	63	-15
Fond du Lac.	555	81	—22
Green Bay	969	93	—55
Janesville	421	51	—33
Kenosha	1,047	66	—31
La Crosse	805	89	19
Madison	907	47	—5
Manitowoc	502	94	—12
Marinette	285	74	—3
Milwaukee	10,751	82	—12
Oshkosh	804	91	13
Racine	1,353	72	—2
Sheboygan	770	82	9
Stevens Point	354	65	—9
Superior	945	81	—3
Waukesha	266	75	16
Wausau	563	80	—27
West Allis	396	71	—32

Governor Says He is Opposed to Ku Klux Klan

Gov. J. J. Blaine declared today that he was unalterably opposed to the principles and objects of the Klan.

The executive said in a statement today that he had never received endorsement of the Klan as far as he was aware. He said that in numerous speeches throughout his campaign he had specifically attacked this society for its activities and its purposes.

Referring to the claim of the Democratic committee that he would have permitted use of state property by the Ku Klux Klan had public attention not been called to the fact by the Democratic candidate for governor, Gov. Blaine declared thatas long as he was governor "state property will not be used by any organization which suppresses the identity of its membership, or permits the masking of its officers and members operating in the dark or otherwise."

He said that when informed of the Klan meeting in Milwaukee he had directed the sheriff of the county to provide deputies at the Fair grounds to prevent use of the grounds by the organization.

"My opposition to the Ku Klux Klan has been shown throughout the past year," Gov. Blaine said. "I have through executive orders and communications and through campign speeches let the people of the state know my stand against this organization and similar organizations."

U.S. Agents In Protest on Norway Award

Tribunal Allows $12,000,000 Damages For Ships Requisitioned

(By the Associated Press)

THE HAGUE—The arbitration tribunal with the American arbitrator not sitting, has awarded approximately $12,000,000 to the Norwegian government on behalf of 15 Norwegian corporations and individuals known as the Christiana Group, for claims arising from requisition of ships by the emergency fleet corporation during the war.

Chandler P. Andenson, the American arbitrator, instead of attending, addressed a communication to the secretary-general of the tribunal and the agents of both governments, declaring in his opinion the tribunal had violated the terms of submission and had exceeded its jurisdiction as stipulated by the special agreement between Norway and the United States, signed June 0, 1921, under which the question was submitted to arbitration.

Immediately the award was rendered Wm. C. Denis, agent of the American government served formal notice to the tribunal that he reserved for his government all the rights 'arising out of the plain and manifest departure of the award from the terms of submission and from the 'essential error' by which it is invalidated."

Karl Mathie Honored by Universalist Church

WWAUSAU, Wis. — At today's session of the Universalist church in convention here Karl Mathie, Wausau was elected president for the coming year. Other officers elected were: W. A. Price, Markesan, vice president; J. W. Fratt, Racine, treasurer, and Rev. Arthur McDavitt, Racine, secretary.

Trustees elected included Judge A. H. Reid, Wausau, F. A. Shiners, Monroe, and R. G. Harvey, of Racine.

Women Journalists Present Dumb Show

Theta Sigma Phi, women's honorary journalistic fraternity of the University of Wisconsin held a reception and stunt party in Lathrop parlors in welcome to new students in the department of journalism, this afternoon. Tea was served during the afternoon.

At 4 o'clock a "dumb show" or pantomine was put on representing a class in journalism under the direction of Prof. Marion Johnson. Miss Marjorie Rush, president, presided at the meeting.

Legion Changes Dates of Annual Election

A proposal to change the constitution so that the election of officers would be held in December, permitting the new officials to take office on Jan. 1, was offered at the meeting of William B. Cairns post, American Legion, last night. At present the officers are elected in January and take office in February.

The first of the winter entertainment meetings will be held Oct. 26, and regularly on the fourth Thursday of each month. Business meetings are to be held on the second Thursdays.

Thiel In Denial of Car Theft

Columbus Man Says Auto Was Given to Him In Madison

Theodore Thiel, 41, alleged to have stolen the $3,500 Cadillac phaeton from the show rooms of the O. S. Jacobson garage, E. Washington ave., Sunday night, pleaded not guilty to a charge of operating an automobile on the highways without the consent of the owner, when arraigned in superior court this morning. He was remanded to jail in default of bail.

Thiel was brought back to Madison last night by Detective Jesse Smith, from Crown Point, In., following a 36 hour chase by Smith. The detective picked up the clue that Thiel was headed for Indiana from acquaintances of his at Columbus, Wis., where Thiel has engaged in the car painting business for the past year.

A supposed uncle of Theil's is said to have accompanied him on his drive from Columbus to Indiana.

Thiel this morning denied the charge that he had taken the car from the garage, but declared that he had come into possession of the car through a man at the Belmont hotel. No evidence could be obtained to charge Thiel with burglary.

Preliminary hearing was set for Oct. 20, upon the motion of Dist. Atty. Theodore Lewis.

Thiel at the time of his arrest by Smith in Indiana was making preparations for a hasty departure to Cleveland, O., according to Smith. To this end Thiel had supplied himself with Ohio license plates.

It was also disclosed today that Thiel has had a past criminal record. Detective Smith states that the arrested man has served time in the Chicago Bridewell, Stillwater, and San Quentin penitentiaries, for similar offenses.

The theory that that Thiel might be connected with the ring of car thieves said to be operating near Columbus, Wis., is discounted by local detectives.

City to Settle Accident Case Out of Court

Instruct Attorney to Reach Agreement in Howley Death Case

City Attorney Roman Heilman was instructed to attempt a settlement in the case of Alice Howley, who died of injuries received when run down by a city truck Aug. 20, at a meeting of the judiciary committee Thursday evening. Damages of $5,000 are being asked by the parents of the girl, Mr. and Mrs. B. M. Howley.

The accident occurred on Clymer place while the girl was standing on the sidewalk. The Howley girl received injuries from which she died at a hospital later.

Claims allowed by the committee were the request for refunding of taxes by the town of Middleton and the C. F. Latimer estate. The recommendation to the city will be that 70 per cent should be allowed in each case. The Middleton claim is for $260, the Latimer claim for return of income tax paid in excess was for $2,204.60.

The claims of Leo Bach for $10.84 and Anton Navarra for $500 were not allowed. The Navarra claim was based on the flooding of his cellar and destruction of produce stored.

INSPECTS STREETS

Fred Schustedt, assistant to City Eng. E. E. Parker, is making inspections of newly paved streets. His report will be used in acceptance of the new work by the city.

Compete in Legion Election Race

Lemuel Bolles

William McCauley

William Deegan

An interesting contest to elect the next commander of the American Legion is forecasted as the Legion prepares to meet at New Orleans October 16 for its annual convention. Among the most prominent candidates are William F. Deegan of New York, Lemuel Bolles of Minnesota, William R. McCauley of Illinois, all of whom hold important posts now.

Britain May Protest Dry Ship Ruling

Want Court Move On Injunction Before Acting

LONDON—Unless an injunction is granted the Cunard line the British government probably will protest formally through the foreign office against the ruling prohibiting liquors on foreign ships in American waters, it was stated in official quarters today. Officials here however, express the opinion that an injunction will be granted in the American courts.

On the eve of the date set for enforcement of the federal prohibition ruling prohibiting passenger vessels, both American and foreign, from bringing liquor under seal into American ports, enforcement authorities today were faced with two important test cases.

One was a temporary restraining order granted today by Federal Judge Learned Hand, enjoining local enforcement authorities from molesting liquor on board the American steamers Finland and St. Paul. The other was an order directing the government agents to show cause why an injunction should not be issued restraining them from interference with ships of the British owned Cunard and Anchor lines.

The injunction granted today

Wengel Apt. is Sold To Piper Firm; $50,000

The Wengel apartment building at 29 W. Doty st., has been sold to Piper Bros., it was announced today.

The deal involves a consideration of $50,000. The building was erected 11 years ago by Mr. William Wengel. Mr. Wengel stated today that he is contemplating purchase of a building but has no definite location in view.

DISCUSS STATE ST.

Repairing of the paving on State st. may be discussed at a meeting of the street committee at the city hall today. The committee met at 2:30. Work may be started next week by the Rasmussen Construction Co.

Badger Social Workers Vote For Incorporation; Officers Elected; Session Nears End

Members of the Wisconsin Conference of Social Work voted today at their business session in the assembly chamber of the capitol to form a permanent incorporated organization and approved articles to be filed with the department of state. All officers were re-elected.

They are: Mrs. I. P. Witter, Wisconsin Rapids, president; the Aev. [illegible], Milwaukee, vice president; Mrs. [illegible] M. Rosing, Milwaukee, secretary, Mrs. A. H. Wilkinson, Milwaukee, treasurer, and Charles Friend, Milwaukee, chairman of finance.

Twelve directors were chosen. They are:

Miss Kate Mehder, Racine; F. M. Wilcox, Madison; Mrs. Joshua Hodgins, Marinette; Father Ryan, Platteville; Judge Solon Perrin, Superior; Mrs. C. J. Otjen, Milwaukee; Dr. C. A. Harper, Madison; Prof. E. B. Gordon, Madison; Mrs. M. B. Rosenberry, Madison; Dr. Elizabeth Woods, Madison, and Edward Lynde, Milwaukee.

The following district vice president were elected:

Miss Marie Kohler, Kohler! Prof. J. L. Gillin, Madison; H. H. Jacobs, Judge Flatt, Racine; Miss Katherine Williams; Milwaukee; Mrs. Florence O. Buckstaff, Oshkosh; Judge Hill, Sheboygan; G. L. Hefernbrack, Port Sdward, Mrs. George Greene, and H. D. Baker, St. Croix Falls.

Selection of the city in which the next conference will be held will be deferred until the time for the meeting is decided, Aubrey Williams, executive secretary announced.

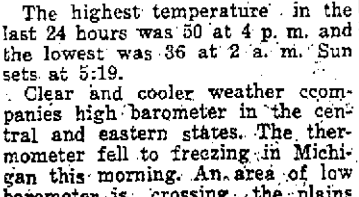
Orders Cut in Lighting Rates

Reduction in residence and business lighting rates of the Southern Wisconsin Electric company operating at Lake Geneva, Delevan, Darien, Sharon, Genoa Junction, Walworth and surrounding rural territory, was ordered today by the Wisconsin railroad commission. The cut in charges, amounting to one cent per kilowat hour is effective immediately.

"This reduction is made possible by the development of the business and by the decrease in cost of energy which this company purchases from the Milwaukee Electric Railway and Light company," the commission said.

Mrs. A. A. Campbell and son, Oren, who spent four months with Mr. and Mrs. A. Kidd, 1612 Miller avenue, have returned to their home at Los Angeles, Calif.

Our WeatherMan



The highest temperature in the last 24 hours was 50 at 4 p. m. and the lowest was 36 at 2 a. m. Sun sets at 5:19.

Clear and cooler weather ccompanies high barometer in the central and eastern states. The thermometer fell to freezing in Michigan this morning. An area of low barometer is crossing the plains preceded by southerly winds, showers, and rapidly rising temperature in the Missouri and upper Mississippi valleys. Freezing temperatures were reached in western Canada this morning.

Taxicab Companies Ask More Space at Railway Stations

Taxicab owners of the city aired their differences at a hearing held in the offices of Mayor I. Milo Kittleson this morning. The meeting was held on request of the city and companies to reach some agreement whereby the traveling public could be given better service at the Northwestern station. Upon request of Mayor Kittleson definite action was postponed until next Friday morning when the attorneys for the companies will meet with the city attorney, chief of police and mayor to discuss the agreement under which taxis are allowed to park at the station.

Enlargement of the "no parking" space in front of the East Side northwestern station was agreed upon. The space will be extended from the south edge of the canopy to the drive way to the north of the station. The police department has been ordered to have the signs placed in a conspicuous place informing the public that space is reserved for the discharging of passengers from vehicles only.

Complains have been made in the past that the agreement has been violated by the taxi companies. This caused the calling of the meeting with the mayor, city attorney and chief of police as a board of arbitration. Attorneys representing the companies were Glen Stephens and Albert Thoman for the Yellow and Checker cab companies respectively. Paul Kingston, T. Verges and Charles Ossman also represented their respective companies.

State Baptists Demand U.S. Enter League

Ask Enabling Act to Put Lid on Country Dance Halls

OSHKOSH, Wis. — Warning that the nations of the world, "America included" must either permanently cooperate to establish justice or must perish, and declaring the immediate formation of a world association or league of nations is of vastly greater importance to America than any issue now dividing its political parties, the Baptists of Wisconsin, in convention here Thursday night, unanimously recommended that "our government take measures at once to bring our country into such a league."

In support of their recommendation, they pointed out that in view of the inhuman butcheries in Asia Minor and of the imminent threat of another world war the Wisconsin Baptists declare their conviction that the present international policies of suspicion, self-seeking and ultimate reliance on brute force, are abhorrent to the spirit of Christ and some step should be taken looking toward a greater brotherhood of man.

On the heels of that resolution the Baptists went on record urging the next legislature to put on the statute books an "enabling act" which will grant county boards the authority to license, control or prohibit dance halls, pavilions and amusement parks located outside of cities. They would also give this board authority to prohibit boys and girls under the age of 16 from attending such places unless accompanied by responsible parties.

Blames Condler's Family For Breaking Engagement

NEW ORLEANS—Mrs. Onezima De Bouchel, who arrived here today, declared that opposition to her marriage to Asa G. Candler, Sr., Atlanta capitalist, on the part of Candler's children, was due to the fact that Candler at the time they were engaged, had planned to change his will so as to leave his entire estate to her.

Ohio Federation Asks Daugherty Impeachment

CANTON, Ohio—The Ohio State Federation of labor in session here today by an unanimous vote pledged its support to the movement in congress for the impeachment of Att'y Gen. Daugherty and asked Pres. Harding to repudiate the attorney general's actions by removing him from the Cabinet.

"Hobe" Bondi Signs to Coach at Whitewater

JANESVILLE, Wis.—Whitewater normal school Friday morning announced the signing of "Hobe" Bondi, recently declared ineligible for football at the University of Wisconsin by his voluntary confession of professionalism, as an assistant coach. He will pay particular attention to the backfield and begin work Monday.

Directs Ships to Rescue

Freighter Reaches Helpless Refugees After Seven Hour Dash

BULLETIN.

SAN FRANCISCO—The task of transferring the passengers and crew of the City of Honolulu from the rescue ship West Faralon to the U. S. army transport Thomas was completed at 7:45 a. m., according to radios received here.

"All passengers and crew aboard and we are under way for San Francisco," Captain Hall of the Thomas said in his message.

(By The Associated Press)

SAN FRANCISCO — The Radio, man's bridle on space and that hardly less potent thing, the fellowship of those who go down to the sea in ships, stand responsible today of the safety of 217 passengers and crew of the steamer City of Honolulu, which burned yesterday.

Two ships the Enterprise, of the Matson Line and the Thomas, an army transport, eastbound from Hawaii, caught the signal and turned toward the position the operator had given. A millionaire's yacht, the Casiana, owned by E. L. Doheny, New York, caught the appeal and turned her bows that way. Los Angeles caught the signals and navy vesels stood by to race with death to the scene of the fire. San Francisco caught the signals and flashed them to the radio operator on a distant ship, had turned that vessel, too, toward the scene.

It was this ship, te West Faralon, a freighter that swept down the sea lanes to the City of Honolulu and effected the rescue. She picked up the message at 7:50 a. m. but she did not get them utnil more than four hours after the flames had forced the captain, his first officer, the chief engineer and the radio operator, to leave the blazing hulk. The officers and the radio operator stayed to keep the West Faralon advised, lest she miss the boatloads of passengers floating enarby and the rescue be delayed.

The fire broke out between 5 and 6 o'clock in the morning; the passengers were put over at 8; the captain left the steamer a little after 10; the West Faralon arrived about 2:30 in the afternoon. By a quarter to four the last boatload of castaways had been hauled aboard the West Faralon and that ship, her every corner crowded with cargo and human salvage, lay to a mile from the fire swept vessel and all hands watcher her burn. All except the radio operator—he was busy sending messages to tell the world that the steamer's company was safe and other messages that kept the Thomas steaming southward to provide for the rescued some smoother comfort than the planking of the West Faralon's decks.

The freighter West Faralon after transferring the passengers to the Transport Thomas will tow the hulk of the burned vessel toward Los Angeles until met by tugs. The West Faralon gave her position as approximately 850 miles off Los Angeles.

Betty May Jones, 23 months old, drifted about the placid waters of the Pacific for six hours yesterday in a lifeboat. [illegible] from the nearest port but close at hand was her father, A. P. Jones, who guarded her as the youngest survivor of the burning steamer City of Honolulu which they deserted with 215 other passengers.

Turks Withdraw from Neutral Zone

LONDON—A general retirement of the Turkish troops from the immediate vicinity of Chanak is in progress, according to despatches.

A Chanak despatch Thursday announced an advance of the Turkish forces towards the British line against which the British commander protested as a violation of the armistice agreement. The Turkish commander replied that he had not yet received notification of the armistice but would give orders for retirement as soon as such notice came.

Clapp is Speaker at Oshkosh Teachers' Meet

Frank L. Clapp, Madison, spoke yesterday before the 2,000 members of the Northwestern Wisconsin Teachers' association which is meeting in Oshkosh this week.

"The far seeing teacher is interested not alone in teaching arithmetic or science, but is interested in the unfolding of child life and the development of moral character," said Mr. Clapp. He asked for the introduction into schools of concrete objective standards of accomplishment.

TREASURY BONDS

The Federal Reserve banks have been announced as agents of the treasury department in the issuing of a new series of treasury bonds which will pay 4½ per cent. The issue will be made in two series due in 1947 and 1952.

Dry Officers Cleaning up N. Wisconsin

Seek Moonshiners Who Are Operating In The Cut Over Sections

Federal prohibition officers are entering upon a vigorous "clean-up" campaign through upper Wisconsin, closing road houses, and heading out after moonshiners operating out in the cut over sections.

State authorities have joined with the federal forces to aid in driving out the liquor traffic. The drive started here with arrest of a road-house keeper and confiscation of a still capable of manufacturing large amounts of moonshine. Within a day the squad directed itself toward Wausau where 16 men were arrested and given jail sentences in addition to fines. Notorious Hurley, Wis., then came on the schedule with arrest of a number of innkeepers.

Similar raids have been conducted in towns throughout the Upper Peninsula with an unusual rapidity.

Brown County Register of Deeds $1,243 Short

GREEN BAY, Wis.—According to a report by the committee on register of deeds, at the board of supervisors, there is a discrepancy in the accounts of Frank H. Smith, county register of deeds of Brown county, in the sum of $1,243.

According to the committee a request to his bonding company to cover the alleged shortage will be made. Brown has been missing for several days, one report being that he is at French Lick, Ind.

Police Have New Clues in Robbery

Madison police are following new clues in their search for the thief who entered the Jacob L. Kring's residence, 1830 Rowley ave., the morning of Oct. 2, and took about $700 worth of diamonds and other jewels.

Stolen Buick Found Burned on Highway

A Buick car, bearing license plates accredited to Charles Daniel, 611 Regent st., which had been taken from its parking place in the 600 block on University ave., Tuesday evening was found fartially destroyed by fire on the Sun Prairie road last night, about two miles from Madison. The car bore the license number 345—336.

Badger Sales Below Mark, Says Manager

"Unless a better response is made by the students, the Badger this year will be far below standard," Howard Lyman '24, business manager of the 1924 Badger declared last night in summarizing the progress of the campaign for subscriptions.

"The student body must realize that a good Badger cannot be produced without sufficient funds. Wisconsin has attained the highest standard in the publication of a year book in all universities. Let us keep up the record."

Amendment to U.S. Constitution Only Way to Protect Children

Julia Lathrop Appeal For Action by Badger Workers

A constitutional amendment to permit enactment of a national child labor law is the goal of every welfare worker, and every citizen interested in the well being of America's youth, a score of speakers at the Wisconsin Conference of Social Work declared yesterday.

"An amendment to the constitution is the only recourse," Miss Julia Lathrop, for nine years chief of the United States Labor Department's children's bureau, said. "Two federal laws to protect boys and girls from being pressed into industrial competition, drawn by some of the best legal minds of the nation, have been pronounced unconstitutional."

"The infant death rate is very low in towns that are highly unionized," said Miss Lathrop, for nine years chief of the children's bureau of the U. S. department of labor, at Music hall yesterday, before the Wisconsin Conference of Social Work. "In non-unionized towns, the infant mortality is very high. Unionized towns have a higher standard of living, and where that exists, children have a greater chance to survive.

"The death rate of children also varies directly with the amount of salary a father receives. It rises rapidly in localities where the mother must leave her young children and go out to aid in earning a living."

Miss Lathrop described one district which she visited in the Virginia mining districts.

"There were no flowers, no trees, no water in the homes which were sodden and delapidated. Women worked almost the 24 hours round. The rows of wash lines, filled with sooty underclothing stretched on endlessly. No women in the old country worked harder or reared their families under greater difficulties than these women. And yet the census classifies these women still as having no occupation."

"Former Secretary of Labor Wilson worked in the mines. He has told me that he can remember going to work in the mines when he was so small that his dinner pail knocked against the railroad tracks as he was walking to work. Right then he began to determine that other children should not have to do so, that they should go to school and grow up healthy and joyously. And it is he who practically created the children's bureau, which is making that childhood wish come true for many.

The appointment of a commission to survey the lack of facilities for caring for the mentally deficient in Wisconsin was suggested in an address yesterday by Dr. W. F. Lorenz.

"Mental inadequacy," says Dr. Lorenz, head of the State Psychiatric Institute, and in charge of shell-shocked soldiers in the institution, "one of the most distressing problems, is being met with an archaic system.

"There is no point gained," he says, "in talking of the prevention of mental diseases when there are no methods to meet the early stages, when a cure for evidently sick people does not exist.

The state has two institutions, one at Mendota, and one at Winnebago. There is also one in Milwaukee. Thirty years ago the patient was treated for two years before being sent to the county hospital for incurables. This was 100 per cent efficiency. Today we have 20 per cent efficiency.

Dr. J. L. Gillen, national director of educational work for the Red Cross, expressed his belief that never before has the United States been so alive to the possibilities in the field of human service.

"In spite of the pessimists who think that the country is going the road to perdition, using as evidence the fact that social work is increasing, I think that the knowledge is a heartening one" he said, "because it shows that what before was of interest only to the professional social worker, is now rapidly becoming the common knowledge and responsibility of everyone."

Destitution of Wisconsin Indians by minute Federal supervision was described by Rev. Phillip Gordon, Chippewa Indian and one of the two Catholic priests in the United States Thursday night before 600 delegates attending the Wisconsin conference of social workers in the assembly chambers.

300 To Open Campaign for NewCathedral

Judge Backus to Preside at Banquet Here Tonight

The $150,000 campaign to complete Madison's cathedral is on. Tonight at the Woman's building over 300 workers will gather for a kick-off dinner. The canvass of the city and the university will begin immediately afterwards.

Judge A. C. Backus of Milwaukee, general chairman of the campaign, will give the opening address. Prof. Julius E. Olson, of the university, Madison chairman, will preside.

A preliminary gifts committee with John Kuck as chairman, has been appointed. His workers include Howard R. Gold, Robert Nuss, Mrs. Carl N. Hill, Chris Lodine, Mrs. John Kuck, Carl High, John Peterson and H. F. Prien.

Two new captains enlisted are Dr. B. C. Campbell and E. H. Mueller.

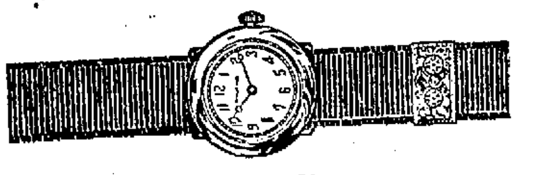
THE SCIENTIFICALLY BUILT WATCH



Waltham Ten Ligne
14K green or yellow gold case. Cat. No. 1063
Price $57.00

Much in Little

LADIES love a small watch, but there are many thousands of small watches that should be called bracelets. They look like watches, but are strangers to ticking the time.

It costs a lot more to make a small watch than a large one. And Waltham Watches are made to tell the time for a life-time.

Therefore, this little lady's wrist watch at is an investment in beauty and service that is unequalled.

It comes in a green or yellow gold case. It is made with that care for which Waltham is famous. It is a lovely little gift to give your dear ones or to give to yourself.

Ask your jeweler to show it to you. He *knows* what a dependable watch it is. You will be charmed with it.

Write for a valuable booklet that is a liberal "Watch" education Sent free upon request. The Waltham Watch Company Crescent Street, Waltham, Mass.

Incompetent Teachers In Rural Schools Thing of the Past Says Supt. Callahan

The shortage of properly qualified rural grade school teachers is a thing of the past in Wisconsin, John Callahan, superintendent of public instruction said today, announcing that no longer would special permits be granted rural school instructors unless they could fill the minimum statutory qualifications.

Two years ago the teacher shortage necessitated issuance of 715 special licenses to persons who could not qualify for regular teachers' certificates. Last year the number of special licenses was decreased to 487, and at the present time the available supply of instructors has increased to a point where professionally trained teachers can be required for every school, Mr. Callahan said.

The state superitnendent expressed the belief that it was a decided injustice to country boys and girls to have them go to schools where the teachers were inexpert and untrained.

He has just completed a survey with the result that 13 counties report a surplus of qualified teachers, nine report an adequate supply and eight counties tell of a shortage. The 42 county superintendents who failed to report are all understood to have a sufficient supply to meet their needs.

"With salaries attractive enough to induce young people to take professional training, and training institutions eager to be of service and state authorities demanding higher standards of certification, one step to least has been taken to equalize educational opportunity as between rural and city children," Mr. Callahan said.

City News in Brief

RESIGNS POSITION

Miss Ada M. White, former stenographer for Gov. Blaine will open a public stenographic office in the Pioneer Block, Monday.

HAS HALF QUOTA

Milwaukee has already pledged almost one-half of its $50,000 quota of the $300,000 fund for the building of the new Luther Memorial church here, according to team captains at the Hotel Pfister Thursday night.

James McGilligan and daughter, Miss Kathryn, Dodgeville, Wis., have been guests recently of Mrs. J. T. Starry, 304 Dow court, sister of Mr. McGilligan.

Reassessment of Dane Means $1,500 Burden

Taxpayers Charge Partiality Shown by Assessors, Hearing Opens

A hearing on the petitioned reassessment of the town of Dane was held today in the capitol before T. E. Lyons and Judge C. D. Rosa of the state tax commission. Over 20 citizens of the town of Dane, both complainants and taxpayers interested as citizens, who would have to meet the expense of the $1,500 reassessment which may be ordered, by the commission, attended the hearing.

Among the petitioners for the hearing are Hiram Brereton,, Peter Mueller, and William Kurt. Emerson Ela was appointed by the town to represent it at the hearing. Oscar Toebaas represents the petitioners.

The petition charges that partiality in the assessing the value of property had been made. William Madigan, present assessor, also attended the hearing.

Granting of the petition by the commission involves the appointment of a new assessor by the tax commission for the purpose of a complete new assessment, which would cost the town of Dane about $1,500. Hiram Brereton was the first to testify.

Student Police Prepare For Class Rush Fight

Police captains, appointed to preserve order and protect freshmen against possible deportation on the part of sophomores, will meet at 12:45 o'clock today in the gymnasium to receive final instructions from Leslie R. Gage '23, chief of police.

The men also will receive clubs and sticks to use in case of violence. The leaders of the police group are taking no chances, in letting the situation get beyond control.

It was reported last night that freshmen were planning concentrated attack in the rush instead of relying on their superior numbers. The yearlings are not allowed to have meetings before the rush, but it was reported they would attempt to hold another unofficial mass-meeting as they did last week, following the meeting of the sophomore class.

Milk Men Organize at Blooming Grove

BLOOMING GROVE, Wis.,—A mass meeting was held at the Burke town hall Saturday. Producers of Burke, Blooming Grove, Madison and Fitchburg were present. Misses Larson of Burke, Toepfer of Madison and Milo Swanton of Blooming Grove spoke. An organization was perfected with Milo Swanton as president. The meeting was then adjourned until Saturday, Oct. 14, when the meeting will be held in the supervisor's room in the Court House.

Results of Druesen-Kraft Gland Tonic Amaze Doctors

Thousands Endorse Druesen-Kraft Gland Tablets as the Quickest, Easiest and Safest Way to Restore Youthful Vigor and Health!

Your life and health depend on your glands! You are just as strong or just as weak as are your glands. Your heart, liver, kidneys, stomach, even your brain depend upon the vital gland secretions, and most ailments among men, women and even children result from gland weakness! This is the most recent startling discovery of the world's foremost medical minds!

"Man is just as strong and healthy as are his glands," says Dr. Serge Voranoff. While the glands are strong and active, the body is vigorous, and the mind is alert. But illness, age, worry, exertion and the strain of modern living weaken your glands every day and this weakness is the cause of most ill-health.

After years of research and experiments, a way to rebuild and strengthen the glands and regulate their activity was discovered at Leipzig the remarkable

DRUESEN-KRAFT (Youth-Gland) TABLETS.

DRUESEN-KRAFT tablets are composed of the vital gland secretions, and they safely and easily supply those vital secretions which your body lacks, and without which your glands cannot function. Thousands of men and women owe their health to this remarkable discovery—it is without question the most effective way to restore vigor and health ever known.

DRUESEN-KRAFT is taken like a food, three tablets daily, absolutely safe, and results are felt almost immediately.

Send for free booklet "DRUESEN-KRAFT, the Glands and Their Control of Health and Strength," to DRUESEN-KRAFT LABORATORIES, 56 E. Randolph St., Chicago, Ill. When ordering tablets designate "male" or "female." 1 week's size $1.25.

IT MUST BE DRUESEN-KRAFT TO BE THE GENUINE GLAND TONIC.

Sold in Madison by Luckey Pharmacy, 630 W. Washington Ave., Badger Pharmacy, Cor. University and Warren, Central Drug Store, 208 State St., and by leading druggists everywhere.—Adv.

Hard Coal to Be Only 60% Of the Needs

Secretary of Coal Committee Gives Amounts Apportioned to Cities

Apportionment of the 795,196 tons of hard coal consigned to Wisconsin cities and villages by anthracite dealers, was announced today by P. H. Pressentin, secretary of the state coal committee.

[illegible] supplies of anthracite [illegible] per cent of the con- [illegible] year. Mr. [illegible]

Following are the amounts in tons that each of the larger cities are scheduled to receive between Sept. 1, 1922 and March 31, 1923:

Appleton, 8,260; Chippewa Falls, 938; Eau Claire, 1,855; Green Bay, 7,648; Janesville, 5,866; Kenosha, 6,711; La Crosse, 2,749; Madison, 24,264; Manitowoc 6,881; Marinette, 1,841; Milwaukee, 260,675; Oshkosh, 13,312; Racine, 22,802; Rhinelander, 139; Sheboygan, 7,603; Superior 172,149, largely for shipment to interior cities; Wausau, 1,547; and Wisconsin Rapids, 827.

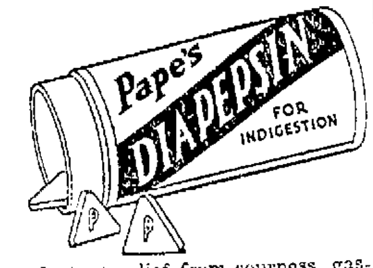
Even under the most favorable shipping circumstances there is bound to be a shortage of hard coal in Wisconsin this winter.

The coal committee is advised that in some sections large amounts of anthracite coal were held by fuel companies and families from last winter. It expects that this hold-over coal will help make up for the shortage that otherwise would be more serious.

Regulations regarding the U. S. treasury saving certificates were received by Postmaster W. A. Devine. A limit of $5,000 to one person is all that is allowed to draw interest of 4 per cent beginning Oct. 1.

INDIGESTION !!! UPSET STOMACH, GAS, GAS, GAS

Chew a few Pleasant Tablets, Instant Stomach Relief



Instant relief from sourness, gases or acidity of stomach; from indigestion, flatulence, palpitation, headache or any stomach distress.

The moment you chew a few "Pape's Diapepsin" tablets your stomach feels fine.

Correct your digestion for a few cents. Pleasant! Harmless! Any drug store.—Adv.

Restaurant Man Didn't Eat His Own Food

"It's pretty tough for a restaurant man to have stomach trouble. My customers were always telling me I ought to eat in a good restaurant. The fact was I couldn't eat a thing that didn't bloat me up and no medicine or doctors helped me. I tried everything recommended and at last issure you I didn't have to look any assure you I didn't't have to look any further. Since taking it I have been a well man." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

Home Complexion Peeler Works Wonders

To keep the face, neck, arms and hands truly beautiful and youthful in appearance, the treatment which seems most sensible is one which will actually remove the skin itself immediately it begins to age, fade, coarsen or discolor. The only treatment which will do this, aside from a painful, expensive surgical operation, is the application of ordinary mercolized wax, which is as harmless as it is effective.

The wax is put on at night, just as you apply cold cream, and washed off in the morning. It peels off the dead and half-dead surface skin in almost invisible flaky particles, a little each day, no discomfort being experienced. With the disappearance of the old cuticle, the newer, healthier skin underneath gradually appears, richly beautiful with the flush of youth. This mercolized wax, which you can get at any drug store in original one-ounce package, is indeed a veritable wonder-worker.—Adv.

Women and Medicine

In Europe, years ago, a woman named Hildegarde wrote a notable book on medicinal plants. In those days the men were too busy bothering about dogmas of religion and medicine, and the study of herbs was thought beneath their notice.

It was the women, however, who mostly conducted the hospitals and cared for the sick; and thus they learned much of great value. They let the men fight out the questions of theories.

Lydia E. Pinkham's Vegetable Compound, prepared almost fifty years ago by a woman, Lydia E. Pinkham, did then, and does now, relieve the ailments peculiar to women. It is a vegetable compound and of great value for this purpose. This is proven day after day, and in your own neighborhood, by grateful women who have used it.—Adv.

Bring Noted Dancers Here to Show Latest Movements

Fitzpatrick Urges Laws To Regulate Ball Room Steps

E. A. FITZPATRICK.

Dance hall regulation was proposed to the State Conference of Social Workers today as a subject for legislative action in 1923.

Addressing the conference Dr. E. A. Fitzpatrick, secretary of the state board of education, told of the present inadequate laws to meet the growing dance problem with its attendant social consequences, and left the suggestion that some steps [illegible] upon the legislature as a proper course for [illegible] legislation.

He explained the Madison city ordinance recently passed as a model of dance hall regulation. This calls for rigid chaperoning and a thorough inspection, as well as establishment of a "public opinion" committee to attempt to influence the character of dancing through publicity.

Lack of authority on the part of county boards to pass regulatory measures similar to the Madison ordinance, affords a subject for action by the legislature, Mr. Fitzpatrick pointed out. In addition a state law for restriction of public amusements is suggested.

The speakers said that the people behind the movement for dance hall regulation were not opposed in any way to dancing. "They felt that it was a fine recreation for young men and young women, and wanted to encourage it under the proper auspices.

"But the great problem in dancing, which we propose to face, is the question of steps and position in dancing. To a considerable degree modern dancing is individualistic and perhaps even whimsical. This becomes the really critical thing in the actual dancing. How to meet it without arousing antagonism and getting nowhere caused considerable worry.

"It is suggested that at every opportunity there shall be public exhibitions of correct dancing by notable dancers. These dancers could demonstrate steps and positions. Here as elsewhere, whatever is fashionable will go and the best way to create fashion is to bring into a community the conspicuous persons of the country who are generally recognized as leaders and have them set the fashion in the community."

Happy Families Own Their Homes

There's a feeling of pride, of satisfaction, of content, when you can point to your own little home and say, "It's Mine."

Take this first step towards this independence now by selecting the site in Madison Square, where the owners have made ready.

200 LOTS For Home Sites

Plat is situated on East Side near schools, churches, stores

These lots are situated in the East End of the city only a short distance from the new High School and the new Emerson Grade School. Churches and stores are springing up in the vicinity, and new dwellings are going up on every side. The property lies within the city limits and extends south from North Street to First Street and west from Washington Avenue to the Monona Railway yards.

Excellent transportation

The street car line borders the plat. Auto routes pass through and hard streets lead directly up town.

Large lots, all improved.

Every lot is large and roomy, being 44 by 132 feet. All are excellent homesites, and have some city conveniences. Many of the lots are on the paved streets and have water, sewer and gas already in, while others have sewer, water and gas, and others sewer, but all have complete improvements ordered in.

Convenient for men in factories as well as men uptown.

This plat is most convenient for men working in the factories; the Gisholt, Mayer Packing Company, Scanlon-Morris, French Battery and other industries being within walking distance. And men whose work calls them up town will find it far from inconvenient, for transportation to the property is indeed adequate and rapid.

Lots As Low As $315 And to $600

Terms: *10% of Purchase price down. Balance 1% or more per month. 6% on deferred payments.*

All payments to be made at the Central Wisconsin Trust Co. Title is perfect and the company furnishes a full warranty deed and a complete abstract for each lot.

irst Dinner For Business Women's Club

Members Will Hear Alma Barry Tuesday

Miss Alma Barry, state president of the Wisconsin Federation of Business and Professional Women's Clubs, will be the speaker at the first dinner of the Madison Business and Professional Woman's club at Christ Presbyterian church next Tuesday night at 6:15.

Miss Barry is an attorney in Milwaukee and has been president of the state federation since it was organized two years ago. Those of the Madison club who have met her at the state convention, are enthusiastic over the opportunity of hearing her again.

Because of the short notice members of the local club are requested [illegible] in their postal card acceptances immediately so that reservations may be made for them.

The officers of the Madison club held a meeting this last week and [illegible] plans for this year. The officers are: Miss Annie Nunns, president; Miss Grace Adams, vice president; Miss Lucy Curtis, secretary; Miss Alfreda Fauerbach, treasurer; Mrs. Jennie W. Wilder, membership sponsor; and Miss Margaret Smith, publicity secretary.

[illegible] Mrs. William Henry [illegible], 1919 Arlington place, [illegible] the birth of a son, Friday [illegible] 12.

Women's Clubs Help To Better Social Conditions

MODERN business efficiency has done much toward improving the work of social welfare organizations, particularly those of women, believes Miss Julia Lathrop, first chief of the United States children's bureau.

"It used to be that organizations and money were often left in the hands of totally incapable people," she said last evening after her talk at the social conference in Music hall, "as was the case in New York some years ago when some large funds were left in charge of the widows of ministers—excellent women, but absolutely unequal to a day's good work and with only the most beautifully vague ideas about organization. Today that wasteful mistake would not be made."

One of the most powerful agencies for welfare betterment is the progressive type of woman's club, the social worker believes. She cited the work of the social welfare department of the National Federation of Women's Clubs as an example of their amazingly large accomplishments. When asked whether the universities are turning out men and women capable of intelligent social service, she qualified her reply.

"Of course they are giving wonderful opportunities for training," she declared, "but,—well, I'd like to talk for an hour on welfare work as a vocation. As for making a comparison between co-eds and the graduates of women's colleges, I think that can't be done; it depends on the individual."

Miss Lathrop is nationally known as an active worker in various reform movements. She was a member of the Illinois State Board of Charities for 12 years. She graduated from Vassar college in 1880 and previously went two years to Rockford college. Her home is now in Washington, D. C.

Censor Books in Home, Says Girls' Leader

200 Women Hear Plea To Supervise Reading

"Boys and girls of today are no more vicious at heart than their parents or grandparents," declared Mrs. Bertha C. Howell, lecturer for the Illinois Vigilance association, Chicago, at the social conference luncheon attended by nearly 200 women today at the First Baptist church. "But they are living in a new world. The modern girl meets a dozen temptations to one which her mother had to withstand."

In her talk on "Are We Responsible for the Increase of Delinquency among Girls," Mrs. Howell stated that she has had as many as 900 private interviews with high school girls from better homes in 5 months of work in a single state. She laid the blame of the breakdown of discipline in the home partly on the movies and partly on the inbuence of harmful literature which is being devoured by girls of high school age. As a constructive program she urged that women's organizations put more stress on the work in the home and that committees to establish local censorship of home reading he started as an outcome of this conference.

Other speakers at the luncheon were Mrs. Ben Hooper, Oshkosh; Miss Mary Connor, Windsor, and Mrs. George N. Tremper, state president of the parent-teacher association, Kenosha. Mrs. Harry S. Richards presided at the meeting. Arrangements were made by Mrs. W. L. Woodward.

Mr. and Mrs. William Cox, 929 East Gorham street and Mrs. Joseph Gill, 412 West Main street, are expecting this month from Canada, Mr. and Mrs. Edwin Gill, of Huntoon, Saskatchewan. Mr. Gill who conducts a large wheat farm, is a son of Mrs. Gill, his wife, formerly Miss Marie Cox, a daughter of Mr. and Mrs. Cox. They are to spend the winter in Madison.

* * *

At the Stober hospital, a son to Mr. and Mrs. E. H. Mueller, 1229 Elizabeth st., today. A daughter to Mr. and Mrs. George Christianson, 170 N. Webster st., today.

At the Madison General hospital, a son to Mr. and Mrs. J. W. Sawyer, 304 Breeze Terrace, today.

U. W. Seniors Will Fight Frat Control of Elections

A nominating committee to draw up a slate of candidates for the senior class of the university, in opposition to the alleged "fraternity-sorority" slate already announced, was selected at a meeting in Bascom hall last night. The committee will meet at 10 Sunday morning in the Y. M. C. A. and select two nominees for each office.

Charges that the present political situation is undemocratic brought the call for the meeting.

It is not an anti-fraternity movement, it was declared, it is rather a cooperative movement of fraternity and non-fraternity men and women working together for the best interests of the entire class.

Those elected to the nominating committee are Benjamin Heald, Theta Chi, L. & S.; Harry Augustine, commerce; Earl Gill, Phi Alpha Delta pledge, law; P. W. Voltz, Sigma Chi, agriculture; Robert Gerhauser, L. & S.; Gus Tuckerman, L. & S., Kappa Sigma; R. E. Axley, law; Elizabeth Kirk, L. & S.; and L. M. Johnson, engineering, Kappa Sigma.

Levitan Upholds Women's Right

Wisconsin is the first state to enact a law giving equal rights to women, again blazing the way for other states to follow, Solomon Levitan, republican nominee for state treasurer said in an address before the Progressive Womens' Organization Thursday night.

"The adoption of the suffrage amendment gave to women the ballot but it did not give them equal rights," declared Mr. Levitan. So a bill was introduced at the last session of the legislature, sponsored by progressive men and backed by progressive womens' organizations of the state, which gives equal rights to women.

"In the months to come the progressive women of this country will have to make a fight before their legislatures to secure these reforms which were given by one stroke by the Wisconsin legislature and the approval of Gov. Blaine.

39 Babies Examined At Emerson School

Thirty-nine babies and children under 5 years of age were examined and weighed and measured at the Emerson Pre-school clinic yesterday afternoon. Dr. H. K. Tenney examined the children, assisted by Dr. Mendenhall. Miss Mary O'Keefe, nurse at the Neighborhood house, assisted by the public school nurse, weighed and measured the children. Mrs. P. A. Briggs was chairman in charge of the clinic.

The work is being done under the direction of the Parent-Teachers association. It is planned to make clinics available for all children in Madison under school age, children beyond that age being kept under supervision by the nurses and doctors of the schools.

Madison Dairy Special Leaves For Home

Wisconsin dairymen attending the national dairy show in St. Paul left that city Friday for their homes, including the Madison delegation. Headed by Gov. Blaine over 100 prominent breeders left here Wednesday on the "Prosperity Special," arriving in St. Paul, Thursday for Wisconsin day at the show. Gov. Blaine was the chief speaker of the day. The following Madison men were included in the delegation that represented the state: A. O. Callentine, A. J. Kramer, E. H. Farrington, A. W. Hopkins, E. L. Luther, W. O. Clark and Lee Murray.

Mining Congress Picks Milwaukee for Convention

CLEVELAND, Ohio—Sidney J. Jennings of New York was elected president of the American Mining congress at the annual election held by the board of directors here today. Milwaukee was selected as the next meeting place. The definite date of the congress is to be set later.

Delegates To Baptists' Convention Are Back

Rev. J. Sherman Wallace, pastor of the First Baptist church, and nine Madison residents returned from Oshkosh Friday, where they attended the annual convention of Baptist congregations held in that city. Over 300 delegates from all parts of the state attended, according to Rev. Wallace. Rev. H. E. Mansfield, Wild Rose, was elected president of the Ministers' Union and J. A. Steinberg, Milwaukee, president of the Laymen's Association. The following attended from Madison: A. O. Hedquist, W. J. Robinson, A. C. Larson, Mrs. S. C. Smith, Mrs Alice Van Wagenen, Mrs. W. C. Dean, Mrs. E. E. Dillen and Miss Edith Weston.

It's Time To Buy YOUR OVERCOAT

Popular Prices

$35 $40 $45

Others $25 to $58

We began this season with a fixed purpose—to give our friends more value, at a medium price, than has been possible in several years past. The beautiful coats you'll find here will surely convince you that we have succeeded.

Tailored By
"FASHION PARK and KUPPENHEIMER"

The fabrics are the cream of the world's looms. Rich, warm shades, beautiful weaves, fine fleecy plaid back textiles—a great variety of patterns and designs. The styles are varied enough to please all preferences. Coats are full belt, belt back or straight box back, pleated or loose hanging, Raglan or set-in sleeves; storm or ulster collars. Three-quarters to full lengths.

Prices are lower this fall than for many seasons past. You can buy the coat you promised yourself for much less than you expected to pay.

Speth's

Laurette Taylor in Film Debut
Brings Peg O' My Heart to Screen

LAURETTE TAYLOR, who created the part of "Peg" in "Peg o' My Heart," a stage play written for her by her husband, is now bringing that famous character to the screen. Work was started on the picture a few weeks ago in Hollywood, where Miss Taylor and her company are on location.

There was a great ovation for this well known actress when she arrived in Hollywood and every star has helped entertain her and introduce her into the sacred circle of cameras. Miss Taylor is making her first appearance on the screen as "Peg" and great things are expected of her. She has the distinction of having appeared in more than a thousand performances of the play on the stage, both in this country and abroad.

Laurette Taylor brings "Peg" to the screen.

ORPHEUM OFFERS COMEDY ACTS

Rubin and Hall are the best of the good vaudevillep rogram now at the Orpheum in an accomplished comedy act.

Hugo Kutgens has the whole world of jumpers with him in his community song of 'Yump on the Water Wagon."

Eva Fny of mysterious powers is still answering questions.

"Echoes of Scotland" is a musical revue with fairly good material. The bonnies lassies dance with vigor and the bagpipes and drum pep up lagging spirits.

The unusual duo are expert skaters who do tricks and figures on the roller skates.

"THREE MUSKETEERS" AT PALACE

In the "Three Musketeers" playing at the Palace theatre Douglas Fairbanks does the greatest work of his career. Those who have read the famous Dumas' novel from which it was taken will be delighted to see their hero, D'Artagnan, match wits with the cunning Richelieu and crash through the Cardinal's seemingly insurmountable barriers,

RICHARD BARTHELMESS AT STRAND

Richard Barthelmess is now playing at the Strand theater in his latest First National attraction, "The Bondboy," a picturization of George Ogden's story of the same name. It deals with the romantic experience of a youth who, in order to save his widowed mother from the poorhouse, permits himself to be bound out to a villainous old farmer for your years at $10 a month.

The plot takes a dramatic twist when Joe is charged with the murder of the old farmer, who accidentally shot himself. Joe refses to tell what he knows, because to do so would have ben to ruin the farmer's wife. And so he is sentenced to die for a crime he did not commit.

But Joe escapes and the plot comes to a most satisfactory ending.

There is also being shown a Tony Sarg Almanac and a Stageland Revue.

BETTY COMPSON AT ORTON

In eBtty Compson's latest production. "For Those We Love" playing at the Orion theatre, has laid aside the trappings of society and appears as a simple country girl.

Miss Compson is the centre of a plot in which her shiftless brother is saved from disgrace his actions deserve by the sacrifices of an outcast in the town.

Mrs. H. E. Koliy is here from St. Louis, to visit her daughter, Mrs. William Howard Gallagher apartments, who is quite ill at the General hospital.

"JUST MARRIED" OPENS AT PARKWAY

Tonight, tomorrow matinee and night the farce, "Just Married," comes to the Parkway. "Just Married" comes here with the original New York cast headed by Owen Martin and Sylvia De Frankie. The action takes place on board a ship sailing from Bordeaux to New York and the complications that ensue are guaranteed to cause gales of laughter.

Sunday only Viola Dana will be seen in a new picture, "They Like 'Em Rough," a cave man story with a new and original twist.

Seats are now on sale also for the Monday matinee and night concerts of Sousa's band.

Small Grains Crop Report ShowsIncrease

Total Production Shows Big Gain Over Last Year Cool July Weather

The total production of small grain in Wisconsin, based upon preliminary yield estimates, totals 131,279,000 bushels this year as compared to 82,174,000 bushels produced in 1921 and a five year average of 126,425,000 bushels, Joseph A. Becker, of the state crop reporting service announced today. He said that cool weather during July and August when grain was filling, produced this large crop on a below average acreage.

Wisconsin's oats crop is estimated at 105,285,000 bushels compared to 63,958,000 bushels produced last year and an average for the past five years. of 95,497,000 bushels. The preliminary estimate of the yield per acre is given at 41.5 bushels compared to 24.3 last year and a ten year average of 38.3 bushels.

Barley will total 14.976,000 bushels according to the preliminary yield estimate which compares with 10,642,000 bushels produced last year and a five year average of 18,514,000 bushels. The yield per acre is set at 32 bushels in comparison to 22.5 last year and a ten year average of 29.9 bushels.

The preliminary estimate of spring wheat yield was made at 16 bushels an acre as compared to 11.1 produced in 1921 and a 10 year averate of 17.0 bushels. The report said that because of later maturity this year's crop was affected by the dry weather of late summer as well as by an attack of red leaf rust. Estimated production is given as 1,456,000 bushels, compared to 1,562,000 forecast last month and 1,338,000 bushels produced last year.

The estimate of winter wheat in Wisconsin remains unchanged at 1,911,000 bushels. The total wheat production is estimated at 3,367,000 bushels compared to 2,762,000 000 produced in 1921 and a five year average of 6,330,000 bushels.

Rye production is set at 6,979,000 bushels compared to a production of 4,755,000 bushels last year and a five year average of 5,661,000 bushels. Buckwheat production is estimated at 672,000 bushels.

The Wisconsin apple crop will amount to 2,018,000 bushels according to the estimates, compared to 1,050,000 bushels last year and a five-year average of 1,741,000 bushels. The commercial crop is set at 31,600,000 barrels.

The clover seed production is estimated to be 308,000 bushels.

"Play Days" Held by Ag Students in County

The "play days" and evening entertainments which the Ag Triangle club of the university is carrying on among the farming communities of eastern Dane county has established a closer contact between the farmer and the student.

Last year the club arranged a number of play days among the rural county schools. At most of these the whole community turned out. Besides the play days, the club held evening entertainments at the schools, with discussion of farm topics, offering of musical numbers and comic readings were holding of community singing.

Theodore Manny, president of the club has received a great many requests for men this fall. Play days will be continued until cold days will be continued until cold weather sets in, after which the evening entertainments will be held at the rural schools.

RED CROWN GASOLINE
A Perfect Chain of Boiling Point Fractions

Use Red Crown
The High-Grade Gasoline
and Your Engine is Always With You

There is no lagging with Red Crown. Step on the starter and you get instant response, summer or winter, for Red Crown starts easily. Step on the accelerator and your car steps right out, smoothly and steadily.

The perfect rhythm of the engine gives you a feeling of tremendous power and the power is there.

Red Crown vaporizes to the last drop. There is no waste. That's why you get such wonderful mileage and your engine stays so clean.

Tobacco Pool Heads Discuss New Offices

xecutive Committee In Session; Headquarters is Planned

Six officers and directors of the orthern Wisconsin Tobacco Pool et this morning in executive session and discussed important problems which may lead to the leasing of new offices.

The men present at the meeting were A. C. Hoen, manager; Jens Davidson, president, Westby; L. O. Loin, Jr., vice president, Edgerton; Selmer Neprud, director, Viroqua; Theodore Orvold, director, Chippewa Falls; George O. Moen, secretary-treasurer, Stoughton.

Farmers Save Money By Pooling Wool

The wool growers of Polk county estimate that they have saved at least $400 by pooling their 1920 clip of wool. According to John S. Klinks, agricultural agent, nearly 20,000 pounds of Polk county fleece were pooled this season. A similar pool last year saved the farmers around $1,100. It is predicted that next year's pool will handle fully 20,000 pounds.

Freeman Divorce Case Is Continued Today

The divorce suit of Frank E. Freeman against him wife, Trixie Freeman, will be continued in Superior court today.

Charges that men, "claiming to be friends," but who worked behind his back, and that his wife hampered his business b standing in his store "nagging" him, were made by Mr. Freeman, jeweler, at 109 W. Main st. Freeman is 44 years old. His wife is 28.

Committee to Name Senior Heads Appointed

A senior nominating committee of 10 was elected to appoint for each senior class office two nominees representing the four colleges and fraternity and non-fraternity interests at a senior political meeting in 165 Bascom hall last night. Approximately 40 seniors attended.

Those elected to the nominating committee are Benjamin Heald, Theta Chi, L. and S.; Harry Augustine, Commerce; Earle Gill, Phi Alpha Delta pledge, law; Philip Voltz, Agriculture; Robert Gerhauser, L. and S; Gus Tuckerman, Kappa Sigma, L. and S.; William Frederick, Alpha Gamma Rho, Agriculture; and Elizabeth Kirk, L. and S.

FILES PAPERS HERE

R. P. Olin, Fort Atkinson merchant filed a voluntary petition in bankruptcy with the U. S. District court here. Liabilities were placed at $6,770 with assets of $4,877. Local companies were listed as creditors.

Yahara Girls Club To Hold Fall Festival

Yahara Industrial Girls' club will hold a fall festival Saturday, Oct. 21, it was decided at a meeting of the club at the Y. W. C. A. last night.

Roller skating and dancing in the gymnasium will feature the festival. An orchestra will be engaged for the evening. Coffee, sandwiches and ice cream will be served in the lobby. The public is invited.

THE GREAT ATLANTIC & PACIFIC TEA CO.
THE WORLD'S LARGEST GROCERY HOUSE

Put It There!

"Havoline? You bet! I've been using it eighteen years, ever since I bought my first car, an old two cylinder buggy."

It makes no difference how you buy Havoline—by the quart, in one or five gallon cans, in 55 or 30 gallon drums (with the handy faucets), or in wooden barrels—it is the same good, high grade oil that it has always been since it was put on the market nearly twenty years ago.

Buy *Havoline.* Look for the Havoline sign when you need oil on the road, and keep a can or barrel of Havoline handy in your garage or tool house.

Ask your Havoline dealer for a copy of "Oil". This booklet will tell you the proper grade of Havoline to use.

Wife of Slain Pastor Breaks Under Strain

Illness Follows Resumption of Jealousy Clue Probe

NEW BRUNSWICK, N. J.—Officials investigating the double murder of the Rev. Edward W. Hall and Mrs. Eleanor Mills today were denied permission to question Mrs. Frances Stevens Hall, widow of the slain rector, on the grounds that she is too ill.

Mrs. Hall became ill yesterday. News of her illness followed shortly on reports that Clifford Hayes had been exonerated of the murders on repudiation by Raymond Schneider of the statement upon which Hayes had been held and that authorities investigating the case were again turning their attention to theory that a jealous woman directed if she did not participate in the murders.

Admit John Richards To Dane County Courts

John R. Richards, coach of the university football team, was admitted to practice law before Dane county courts on Thursday. Mr. Richards is a graduate of the university law school of the class of 1897. The motion for Mr. Richard's admission was made before Judge Stevens by Phil La Follette.

Chief of Police Thomas Shaughnessy returned late last night from Milwaukee where he attended the convention of chiefs of police of Wisconsin cities.

America Must Join Nations to Get Peace

—BAKER

"Co-operation by America with other nations in promoting peace is the only way to prevent war," Ray Stannard Baker, author and member of the commission to negotiate peace which sat in Paris at the close of the World War, declared in an interview today.

"The fortunes of the United States are bound up with those of Europe now and we must aid the countries across the ocean in restoring peace," he said.

No Trace Found Yet of Missing Contractor

Efforts of friends and relatives to find E. B. St. John, Madison contractor, who disappeared from his rooming house at 142 N. Franklin st., Oct. 5, have been without result, it was announced by his brother, A. P. St. John, 16 N. Franklin st., today.

Local police have been enlisted in the search and authorities in surrounding towns, where it is thought he might have wandered, have been asked to be on the look out for the man.

DODGE BROTHERS BUSINESS COUPE

With this coupe Dodge Brothers have proved once for all that a closed car can be as sturdy and practically as inexpensive as an open roadster.

This is largely due to the all-steel body—the first ever marketed—which admits of lower cost of manufacture through standardized machine production. Unlike wood, the steel surface will take a finish of enamel, baked on at high temperature. This process results in a permanent lustre, and eliminates the trouble and expense of repainting.

The wide straight seat is upholstered in genuine Spanish blue leather, durable and readily cleaned.

S. Dakota Ag Team Arrives Here For Game With Badgers

By BRYN GRIFFITHS

COACH C. A. WEST, South Dakota Ag college grid mentor, arrived [illegible] Madison this morning with a score [illegible] huskies who will do battle at Camp Randall tomorrow afternoon against the Badgers in what is expected to be a hot game. West's men left Brookings Thursday noon and arrived here at 4:30 this morning. After a short rest at their hotel here they will proceed to Camp Randall this afternoon [illegible] a light workout. The Ag college team is confident of upsetting the dope Saturday by returning home with a win over Richards' men. The Dakota aggregation has been primed for this one game and if careful planning and strategy can turn the trick, West says it will be done. Richards, however, is also on the alert and won't be caught napping.

Wisconsin's line-up is far from certain, as slight injuries may cause Richards to keep certain men out of the game rather than take any chances. A win over South Dakota isn't worth sacrificing regular men who will be greatly needed as soon as the conference schedule starts next Saturday. Jack Harris, backfield man who was injured last Saturday, certainly will not get in the line-up, as he has not been in practice all week. Whether or not Rollie Williams will be on the job is also a matter of speculation. All in all, the Wisconsin line-up is "up in the air."

Secret practice continues at the field, and the "Not Welcome" sign, although not actually hung on the stadium, is made realistic by husky guards who ask you to continue along your way.

A scrimmage was part of the workout again Thursday night and was the last until the game tomorrow. A light workout will be gone through tonight in order to keep the men in condition for the game.

The Badgers are speeding up and, although it is probable that a makeshift line-up will start against Dakota, a marked improvement will be shown in the team. Richards has been driving his men hard and the results are apparent.

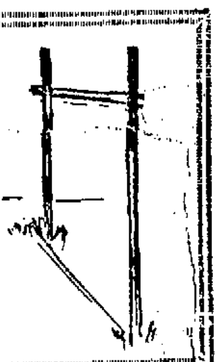
Jim Brader, assistant coach, who scouted the South Dakota-St. Thomas game last week, came back to Madison with favorable reports of West's men. West knew that Brader and two other scouts were in the stands and the Aggie team was ordered to play nothing but straight football. Sundet and Thompson, ends, were kept out of the game last week, as West wanted to save them for tomorrow's scrap.

The game will start at 2 o'clock and not at 2:30, as did the Carleton scrap a week ago. All of the remaining home games will start at 2 o'clock.

The freshman-sophomore class rush will take place at 1 o'clock tomorrow on the lower campus, but will not cause a change in the time of the Dakota-Wisconsin game.

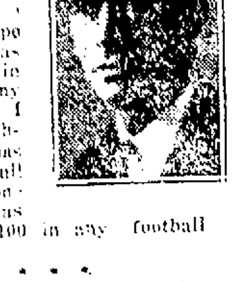
Tickets are selling at $1.50 and may be secured at the gymnasium or at the field.

Roundy Picks:



[illegible]wa to Beat Yale; Wisconsin to Trim South Dakota; Indiana to Win Over Minnesota; Chicago to Beat Northwestern; Princeton to Beat Colgate, and Many Others

Dakota blowed to town with a [illegible] of frisky looking birds. They are cocky. They [illegible]



Wisconsin no doubt is in crippled shape as she has never been in before in many a moon, but I guess Richards has enough to pull out a win on [illegible] point is as good as 100 in any football game.

* * *

This column has not the least idea who will start the game, but whoever starts, we know will be good enough to get more than an even break from Dakota. We are so confident so that we will send [illegible] back with the Badger [illegible]. Oh, no! As we say, Wisconsin has never taken a beating from a Dakota team, and it will be [illegible] that 1922 will not be the starting of it either.

* * *

One thing is sure, and that is, Barr will have to be right up to snuff this Saturday on his stuff. Of course that don't mean open up. That we know will not happen unless it is absolutely necessary. But as the fellow said, Mr. "Shorty" Barr, step out!

* * *

This column will turn out a funny story that made such a hit last [illegible] in this column Monday night [illegible] game. Look for it.

Winners?

WIN	LOSE
Wisconsin	Dakota
Chicago	Northwestern
Notre Dame	Purdue
Indiana	Minnesota
Illinois	Butler
Ohio	Oberlin
Michigan	Vanderbilt
Marquette	Carroll College
Cornell	New Hamp. State
Syracuse	Brown
De Pauw	Lake Forest
Center	Virginia
Harvard	Bowdoin U.
Lafayette	Muhlenburg
Dartmouth	Middlebury
Missouri	Iowa State
California	St. Mary's
Oshkosh Norm.	Superior Norm.
Columbia	Wesleyan U.
Pennsylvania	Maryland U.
New York U.	Hobart U.
Princeton	Colgate
Trinity U.	Haverford
Washington	Idaho
Nevada U.	Occidental College
Virginia	Richmond U.
Beloit	Watertown College
Georgetown	Cincinnati U.
Army	Alabama Poly
Iowa	Yale
Colorado	Mexico U.

Stagg has a half back on his team called "Legette." Fair enough. That is the idea of the game.

* * *

Wisconsin has had enough practice and should put a rather smooth working football team on Randall field this Saturday and no ragged team work like last Saturday. Richards will have to hold a night school to get things going right before the big stuff arrives—like Michigan, Illinois and Chicago.

* * *

Richards sure can make this Zuppke of Illinois look awful bad when it comes to playing football. Richards has beaten him the last three years in a row and done it in an easy fashion, kid way.

* * *

Wisconsin has got the goods this year and Richards has showed them a lot of football in the last month and if they will go out and play the way they are taught, then Wisconsin should win a few of the stars out.

* * *

A am in no mood to write football tonight, having worked 16 straight hours on doping this football tangle out for this Saturday. I have picked about 34 games and I have in the list every important game in the football world for Saturday. Nobody seems to give Iowa a chance with Yale. I have it figured different. I am taking all these Iowa injured men as bear stories, if they are hurt then I am out of luck. Michigan is in about as hard a game as they can dig up for Saturday. Do not think that it is a track meet.

* * *

I am all shot, but say, folks, get this column Monday night for the funny story of the game and the sidelights in detail—as I have just had a few more boxes of "razzberries" shipped

* * *

If I can pick 27 winners out of these 32 games with the season so early and dopehard to get—then when the season gets hot, I will assure you that I will pick them all right one after another if this batch can stay in there with only about four losers.

Frosh Girls Lead Race For Purple Golf Honors

Freshmen girls are leading the field in the Woman's Golf championship race at Northwestern. About twenty girls are in the race, the average score being 50. The freshmen girls have turned out in much greater numbers than the upperclassmen, which is severely handicapping the juniors and seniors.

PARIS—French boxing promoters started overtures for bringing Jack Dempsey to France to meet Battling Siki in a world's championship battle in December.

Pretty Soft For Scribes At Ohio, Eh?

WE learn from the Ohio newspaper, published by the department of journalism of the Ohio State university, that there has been some thought given to the comfort of newspaper men by the builders of the new stadium at Columbus. We learn that the press boxes will be glass enclosed and that there will be electric foot and hand warmers.

Football is one of the most difficult sports to cover due to the fact that the reporter on the assignment must sit still in the coldest weather and fire his stuff over the wires while chill winds penetrate his very vitals or cold rain drenches him to the marrow. He cannot spare the time for exercise to get his blood in circulation or he is sure to miss something.

The Ohio idea gets a rising vote of thanks from this department. Will other universities be as thoughtful?

CHAPTERS DONATE TO CHARITY FUND

In response to the letters sent to them by the Community Union in the city-wide charity drive, the following fraternities and sororities have contributed:

Sigma Nu, Sigma Phi, Theta Chi, Delta Chi, Chi Phi, Acacia, Phi Sigma Delta, Phi Kappa, and Kappa Kappa Gamma.

Barnard and Chadbourne halls have also done their share to swell the fund.

The amount secured this far for the Community Union is estimated at $70,000. Every effort is being made by the committee to bring the drive to a close within a week or two.

Lit Society Will Debate Building of Waterway

The construction of the Great Lakes to St. Lawrence waterway will be the subject of the debate to be held at the meeting of the Agricultural Literary society in Agricultural hall, tonight at 7 o'clock.

Dean J. A. James will address the organization. Harry Clements will also give a talk on "University Traditions."

Modern Music Discussed At Meeting of Clef Club

Modern music and modern composers was the main topic of discussion at the meeting of the Clef club last night. After Charlotte Delscanter '24, had given a short talk on the subject, several of the members played piano selections,

Misses Julia Wilkenson, Maude Slightam and Bessie McKee, motored to Chicago and Evansville Sunday.

Purdue Eleven To Clash With Rockne's Team

Will Meet at La Fayette Saturday; Notre Dame Weakened

LAFAYETTE — With the first game of the season out of the way, Coach Phelan has turned his entire attention in getting his squad ready for Notre Dame here Saturday. The showing of the Boiler Makers against James Millikin here last week was not satisfactory. The work of the men on the defense was much better than that done on the offense.

A week of hard work was on the program, but rain is keeping Coach Phelan from doing everything that he wants.

Captain Is Injured

Captain Murphy will probably be kept out of the Notre Dame game on account of injuries received in the Milliken game. In the first half he was thrown on his left side, tearing the muscles in his arm loose. Kerr, veteran end, is also out of the game on account of an injured leg. These two men are at the present time the only ones on the hospital list.

This year's team has the strongest tackles, guards, and center combination that any Purdue team has had for several years. W. L. Claypool, playing his third year at tackle and aided by Stewart, a sophomore, on the opposite flank, form a pair that are good on both the offense and defense.

Leading Candidates

Swank, a senior and Fleischmann, a sophomore, are taking care of the guard positions in grand style while R. L. Claypool, another sophomore is passing the ball. Preshaw playing his first year on the team, is the best of the end candidates. Morgan, Kerr, Hawkins, Geiger and Dye are the men who are trying for the other end position.

SPORT BRIEFS

Cincy Meets Georgetown

CINCINNATI, Ohio—Twenty-two members of the University of Cincinnati football squad left last night on their way to Washington to meet the Georgetown University eleven Saturday.

+ + +

Huggins Retains O'Doul

NEW YORK—The first official act of Miller Huggins, on receiving word that he was to be retained as manager of the Yankees for another year was to send Lefty O'Doul to Boston American League.

"Well, here I am still manager of the Yankees and ready to make plans for another season" was Huggins' greeting to newspapermen. "The first act of the re-elected administration is the release of O'Doul to the Boston Red Sox. We gave Boston a pitcher in the deal which made Dugan a Yankee and Lefty "has been tagged."

* * *

Call Off Bout

NEW YORK—The bout between Pancho Villa, American flyweight champion, and Frankie Mason, Fort Wayne, scheduled for Oct. 20, has been cancelled by Chairman Muldoon of th estate athletic commission. The bout was ordered off on the ground that the former champion was thoroughly outclassed by Villa.

* * *

NEW YORK — One thousand alumni of Iowa and other universities of the western conference will attend the Iowa game at New Haven Saturday in a special section. They will leave New York on special sections of regular trains Saturday morning. A veteran cheer leader from Iowa will accompany the alumni from New York and then return with the team.

PYTHIA TO GIVE VARIED PROGRAM

A varied program has been arranged by Vesta Ritter for the Pythia open meeting at 7 o'clock Friday night in Lathrop hall. The purpose of the program is to give all university women interested in the society an idea of a typical Pythia meeting.

Miss Kitty Callahan will tell of her experience in play-ground work. Miss Louise Gottlied will sing a group of Russian songs, and Miss Eula Jandell will read. Stunts will be in charge of the Misses Martha Dalrimple and Pearl Hagens.

This meeting is to proceed tryouts which will take place sometime next week. Notice of the tryout will be in the Cardinal.

Gill Enters Race For Seat in Senate

Earle Gill '23, announced his candidacy for the Student senate yesterday. He is the first senior to enter the field. Gill is local advertising manager on the 1924 Badger and served on the advertising staff of The Cardinal during the summer session. He is a senior in the College of Letters and Science and a first year law student.

Read Capital Times Want Ads.

Chicago Places Title Hopes in Them

Harry Thomas, hurling a forward pass; his brother John punting, and Capt. Harold Lewis.

ALONZO STAGG's Maroon warriors, deprived of the Big Ten grid championship last fall by their failure to lick Illinois, are out for blood this year. Blood with a large "B." And there's a sort of satisfied air about Stagg Field that indicates the University of Chicago men are in a pretty confident mood.

Just at present the Chicago team appears to be the one that may fight it out with Iowa for the championship which the Iowans annexed last year.

Stagg has great strength in two departments of the game in particular which pleases him. These are the line and the kicking Divisions. The line which Stagg now has in the field has shown tremendous power and every husky rooter in school is hoping that George Hartong, brilliant lineman of last year, will be declared eligible—which will make the front rank that much stronger. He will play center and Ralph King will be moved to guard.

Heile and Pyott, left half, have shown in the early games that they can be called upon at any time to drop kick Chicago to additional points if the rest of the team will give them the chance.

Stagg will have, to work with this good line, the same type of plunging backfield he had last season, when Chicago drove the ball ahead by brute force when called upon.

Two brothers, comparative newcomers, are counted on to shine before the season is much farther advanced. They are Harry and John Thomas. Already these North Dakota lads have shown great promise in the backfield.

Chicago's biggest game this season is with Princeton. Last year the westerners furnished one of the biggest thrills in the intersectional matches by licking the Tigers 9 to 0. That game was staged at Princeton. The teams clash October 28 at Stagg field in a return engagement and the Chicagoans hope to duplicate their feat of last fall.

That Princeton felt the defeat last year and wants revenge is indicated by the fact that followers of the black and gold rank this contest in importance with the annual contests with Yale and Harvard.

There is no way of comparing the strength of the teams to date. This in itself ought to make the game more interesting.

Green Players Counted on at Michigan Camp

Chances For Conference Honors Pinned On Green Men

ANN ARBOR, Mich.—Michigan's chances to figure in the Big Ten race this season depend almost entirely upon how the green men in the center of the line perform under conference fire. The Wolverine backfield is intact from last year but it is the forward wall that is worrying Yost at present.

Although a host of men are trying out for the vacancies left by the graduation of Vick, Dunne and Wilson the material is extremely mediocre and it is hard to predict at present how the new men will perform in the big game.

Eligibility of Eddie Johns, veteran guard and tackle, who recently passed an examination to remove a condition has given Wolverine hopes a big boost but there are still three places to be filled by inexperienced men.

On the flanks Yost has four letter men in Captain Goebel, Kirk, Neisch and Henderson while Muirhead, star tackle from last year will play the same position this season. Vandervort a 200 pound sophomore will probably be his running mate. Johns will be stationed at one guard while Rosatti or Van Orden will probably fill the other guard position.

Slaughter and Blott are fighting it out for the pivot job and are being trained by Ernie Vick, former All-American center. Neither player is near the equal of Vick offensively or defensively.

If the forward wall stands up under the assaults of the Big Ten elevens Michigan should have a strong team for the backfield quartette which finished the season is ready to start this fall.

Uteritz will direct the team from quarter, Roby and Kipke will be at halfback with Cappon at fullback. Herb Steger, the Oak Park flash, has gone great in scrimmages and may crowd out some of these men, while Dunleavey, Knode and Keefer will be used in a number of games.

Uteritz, Kipke, and Steger all carry the triple threat while Roby and Cappon are line plungers.

Knode is substitute quarterback and directed the team in the opening game against Case as Captain Goebel and Uteritz accompanied Coach Yost to Columbus to see the Buckeyes in action against Ohio Wesleyan. 15,000 Michigan rooters will journey to Columbus for the initial Big Ten game when the Wolverines clash with the Scarlet and Grey.

Beckett in K. O.

LONDON—Joe Beckett, British heavyweight scored a technical knockout over Frank Moran, American heavyweight, when the referee stopped the bout in the seventh round.

Varsity Net Tourney Is About Over

Three Tennis Stars Survive Tournament Try-Outs For Regulars

With only three games yet to be played the Varsity tryout tennis tournament is nearly over. Three men who have been in the tournamen have survived every match and are in the running.

Henika, by virtue of his recent defeat over Gibson, will play in the finals. Besides winning his match from Gibson, he has defeated Art Moulding, third man on the varsity team last year. By his excellent playing throughout the season, he is practically assured of a berth on the Wisconsin team this year.

Campbell and Bennett are scheduled to play in the near future, and the winner of this match is to play Henika in the finals. Both of these men have proved their ability as tennis players in former years at Wisconsin, and the match between them should be a good one.

Tom Tredwell, captain of last year's Varsity squad, has not been playing in the tournament because of outside activities. He will have undoubtedly a chance to play the winner of the tournament to decide the best tennis player in school.

Engineers Elect Members to Professional Society

Twelve new members were elected to membership in the American Society of Engineers at a meeting held last night. Ten of the 12 are: A. J. Rabuck '23, O. C. Rabbit '23, A. Mathy '23, George Steinmetz '23, D. O. Walden '23, Carl Mohs '23, Alfred Schneider '23, L. L. Stebbins '25, C. B. Vilberg '23, and Cecil Russel '23.

The program for the semester was discussed, and plans were made for several influential speakers to appear before the membership during the course of the year.

W. A. Gluesinv spoke on his summer tour through the West.

A business meeting followed the talk. The meeting place of the society was changed from the electrical laboratory to 214 engineering building. Plans for an electrical engineers mixer were discussed.

Major Evans Speaks to Signal Club at Meeting

Major Evans, in charge of R. O. T. C. signal work, spoke before a meeting of the signal club in the green room of the Y. M. C. A. last night.

0 to 0 Score Grid Coaches' Mother's Prayer

MIDDLETON, Ohio — Not since Tad and Howard Jones, when they as mere boys, captained rival "scrub" football teams on the commons at Excello, near here 25 years ago, has the population of that village been so excited over a gridiron battle as it is today over the Yale-Iowa clash scheduled at New Haven for next Saturday. The entire population of 100 has chosen sides and there is but one person who has not expressed a choice. That is Mrs. T. A. Jones, mother of the two mentors. She does not want either team to win.

"Let it be nothing to nothing" murmured the mother.

"If either boy winds, let it be Howard" says the father. "The fame will do him the most good.

Both of the great coaches were born in Excello where they began their careers in the oldstead founded by their grandfather.

Mercier Club Outlines Plans For Present Year

The Mercier club, an organization of student members of the Knights of Columbus, held its first meeting of the year at 7:30 o'clock last night at St. Paul's Chapel. General plans for the year's social program were discussed by the 30 members who attended.

Officers for the year, elected last spring, are A. F. Roller, president; Don Gallagher, vice-president, and Walter Stumpf, chairman of entertainment committe. The club's purpose is to form a home council for K. of C. members of the university. The meetings, held once a month, are social in nature. Father Hen-

K. of C. Members To Honor Founder

Today is Columbus Day.

Madison members of the Knights of Columbus will observe the day with a banquet at Verona. A total of 100 knights will attend the dinner.

The Hardy Genois navigator who braved the scorn of European courts, the opposition of jealous rivals and the fear of the Great Unknown that gripped the souls of his sailors.

Euthenics Hold Open Meeting For Newcomers

Euthenics club held an open meeting last night for the benefit of newcomers. Miss Krueger of the home economics department gave a short talk on the growth of home economics. Mildred Downie '23, gave a reading and Helen Kaetor sang a solo.

Sox Win and Even Series; Pitchers' Dual

Alexander Hard Pressed By Rookie Leverette

CHICAGO—The White Sox evened the city series with the Cubs on Thursday by taking a pitcher's battle, 4 to 3. Each club now has won two games.

The veteran Grover Alexander was opposed by the rookie Dixie Leverette, and more than held his own until the sixth inning, when he began to weaken.

The Sox then started their uphill fight and at the end of the seventh had tied their rivals. Alexander then tightened up and it looked like extra innings until Hooper uncorked a line drive to right which was good for two bases. Collins' out moved Hooper to third and Sheely shot a hot grounder ver third base, which sent Hooper home with the winning run.

Leverette held his opponents to seven hits, three of which were made by Statz, while the Sox touched Alexander for ten safeties, Hooper making three and Collins and Sheely two each.

Report of the Markets

Report for October 13, 1922

Liverpool Rise Gives Upturn to U.S. Wheat

CHICAGO—Higher prices for wheat here resulted this morning from a rise in Liverpool quotations and from continued transportation difficulties of the side of the Atlantic preventing accumulation of any general wheat supplies and creating an urgent demand for prompt shipment of other grain, especially corn. Most of the selling appeared to be of a profit-taking character. The opening which ranged from ¼ cent to ⅝ cents higher with Dec. 1.09⅜@⅝ and May 1.10¾ to 1.11 was followed by as light reaction and then a fresh upturn.

Subsequently gossip that 1,500,000 bushels of Canadian wheat and some U. S. wheat had been taken for Europe tended to uphold values. The close was firm ¼ to 1c net higher, Dec. 1.09⅝@¾ and May 1.10⅞@¾.

CORN displayed independent strength from the outset with May and July corn scoring new price records for the season. After opening ⅝ cents to 1⅛ cents higher, Dec. 63½@64, the market held near to the initial range.

An estimate that Argentina has only 30,000,000 bushels left from export was construed as bullish. The market closed firm 1c to 1⅜c net higher; Dec. 64@⅛.

OATS started ⅛ cent to 1 cent up Dec. 39⅝c and after a little sag made a further advance.

PROVISIONS were weak.

CHICAGO LIVESTOCK

CHICAGO—Cattle 3,500, heifers strong to 15c higher cows steady to strong; others generally steady, top matured beef steers 12.75; bulk 9.00@10.50; bulk bologna bulls 3.00 @4.15, bulk veal calves 10.50 to packers, outsiders paying to 11.00.

Standard Oil in Sharp Break; Rails Advance

NEW YORK—Strength of Standard Railroad and Mexican oil shares and weakness of the Standard Oil group featured today's irregular opening of the stock market. The advance in rails was led by Chicago & Northwestern and Missouri Pacific each of which were up a point while Mexican Petroleum up 4, and the Pan-American issues, up 1⅝ to 2, stood out in the oil group. The sharp break in Standard of N. J., 3,500 shares of which were sold at 226 to 230 as compared with the final rate of 236¼ on Wednesday, reflected speculative disappointment over the fact that the 400 per cent stock dividend involved no increase in the present rate of each payment. It declined later to 222½. Standard of California dropped 1¼ in the first half hour. Sugar stocks were strong in response to increased prices. American Radiator broke 2¾ and weakness also was noted in Famous Player, International Paper, National Lead, Baldwin, and Union Pacific. National Biscuit, U. S. Alcohol, and Studebaker were strong.

Prices started upward again in the final hour in response to the broadening demand for the principal railroad shares, Atchison, Northern Pacific, C and O. New York Central, Lackawanna and Southern Rwy. Pfd. rising 1 to 2 points. Material improvement also was noted in a number of specialties, American Can gaining 4 points. U. S. Rubber 3½ and Coca Cola 2. The close was strong sales 1,050,000 shares.

Bumper Crops Of Potatoes To Reduce Price

Crop Reporter Gives Estimates; Increase Over Last Year

The estimates for a bumper Wisconsin potato crop, bringing the lowest price to the producers in years, continued today from the state crop reporting service.

Joseph A. Becker, crop reporter, in his monthly estimate given today, sets the commercial potato crop of the state at 33,600 cars, compared to 12,500 cars last year; 19,980 in 1920; 21,800 in 1919, and 25,200 in 1918.

Expressed in bushels available for shipment some 20,276,000 bushels will be available from this year's Wisconsin crop as compared to 7,500,000 last year; 16,838,000 in 1920; 14,185,000 in 1919, and 17,639,000 bushels in 1918.

The condition in commercial counties of the state expressed in per cent of a normal yield per acre was 81 per cent on Oct. 1, compared to 49 per cent a year ago and 73 per cent in 1920.

Prices paid to producers on Oct. 1 averages 66 cents per hundredweight, the report said. This price compares with $1.60 paid a year ago, and $1.23 in 1920. Absence of killing frost has delayed harvesting and on Oct. 1, correspondents reported 82.2 per cent of the crop still unharvested as compared to 77.2 per cent last year and 82 per cent in 1920.

A large increase in the Wisconsin cranberry crop estimate is shown by reports of growers on Oct. 1. They harvested, practically without exception, a larger crop than they anticipated on Sept. 1. The estimate is given at 59,000 barrels as against 29,000 produced last year and 36,000 barrels in 1920.

Democrats Claim Klan is for G. O. P.

Continued from page 1

show the burning truth to the American people who have been so grossly deceived. We are pro-protestants; this is a protestan nation. We stand for separation of the church and state, for free speech, free press, liberty of worshipping as we please and for free and American public school, which is the sublimest of all our achievements. No Catholic subscribes to these constitutional points. To be a Klansman, one must be white, native born, a gentile, a protestant and an American.

We propose to carry out our program in the following manner:

First: by the establishment and maintenance of a great American university, the dynamo of America.

Second: Maintenance of a lecture bureau, already established, into which will be drawn the finest minds, the ablest men in every state and county, to spread the gospel of our work; to turn on the light.

Third: By the maintenance of a national publication house, already established to flood the country with tons of literature and books, telling America of our purposes and gaining support in this manner.

Fourth: By the censorship of every text book in all of the schools of the country. We would require every school teacher to take an oath to support the constitution or get out."

McDermott is Named Chairman of Dramatists

The Rev. W. P. McDermott, Evansville, director of the Madison Catholic Woman's club, was named chairman of the national executive committee of Catholic dramatic leaders at a conference held recently in Washington, D. C. Father McDermott represented the Catholic women of Madison at the conference.

Formation of a national Catholic drama guild was discussed by the delegates and the committee headed by Father McDermott was given power to investigate the feasibility of such a plan.

Establishment of a central bureau in Washington underf the direction of an executive secretary to act as a clearing house for all matters of general aid and information for Catholic dramatic organizations was approved.

Souse Knows Not Liquor

Joseph Slayton, Owen Martin and Sylvia de Frankie in "Just Married" at the Parkway today.

Owen Martin, who plays the part of Robert Adams, and carries a gentlemanly jag throughout the first act of "Just Married," on being asked if he had developed the alcoholic technique from drinking said: "No I do not know that taste of liquor, but I have made a study by close observation, of some of the cleverest gentleman drinkers in various clubs. One of my best friends was one of the cutest little two fisited drinkers you could find in a day's travel. There wasn't anything he wouldn't stand up to anywhere any time and pile it away in his system in unlimited quantities. I had to care for him so often that I selected him as my model.

Stoughton Department

C. J. ROLLIS, Editor

Office First Floor, 102 East Main Street. Telephone 664-W.

STOUGHTON, Wis.—Olaf Ulsrude, tenant on the farm of O. A. Thorson near the city, is home from Mt. Horeb, where he went to attend the funeral of his father, Nels Ulsrude.

John Erdahl of Stoughton has been engaged by campers to patrol Lake Kegonsa shores on the east side. He will be located at the old Camp Collins grounds and will be appointed deputy sheriff.

A meeting will be held at the assembly room of the high school building this evening to discuss the subject of an evening school. Several short talks will be made on different phases of "What Makes Evening School Classes a Success," by Geo. Ford, of the Moline Plow Co.; J. E. Roberts, Supt. of the city school and Sec. of Vocational board; Mr. Ellis, principal of the high school, who will conduct the class work in Americanization, his experience in this line in Madison last year, guaranteeing a very interesting as well as profitable time for those who enroll for this class.

Guests of Rev. and Mrs. L. L. Nesvig at the Saviors Lutheran parsonage are Martin Alsmo and Tomason of Norway, who have been conducting missions in the United States. They will speak and sing at the Saviors church this evening and Saturday evening. Messrs. Alsmo and Tomason are enroute home to Norway.

Mr. and Mrs. M. S. Howland have been entertaining Miss Bess Davenport of Cooksville.

Mrs. David McComb is home from a visit to Selby, South Dakota.

A son has been born to Mr. and Mrs. John Drogsvold of Pleasant Springs.

Mrs. Erick Aaberg and daughter have been Edgerton visitors. Miss Ida Mae Howland and Mrs. Albert Bucane were guests of friends in Madison yesterday.

Mrs. John Bartz and Mrs. Chris Throne were among those attending an Edgerton function, yesterday.

The Congregational Woman's club was entertained yesterday by Mrs. W. B. Atkinson, North Prairie st.

Percy Hippenmeyer, who sold out his barber shop in the Bjoin building, will quit the barber trade for a time.

Quite a number of packings of old tobacco were delivered at Stoughton yesterday, and the price was said to be 17 cents a pound. The purchaser was a local dealer. A. S. Flagg has been up from Edgerton about every other day receiving goods of more or less value.

Country Club Meets

The first meeting of the Stoughton country club was held last evening at the justice court room, city hall. A committee was appointed to draft by-laws for the club and other business was transacted. The club bought 69 or more acres of land on the shore of Lake Kegonsa and neighboring real estate has gone up in value since the deal was made.

Officers of the Willing Workers of the Flint school are Edward Philips, President; Clarice Stokstad Vice-President; Doris Dahl, Secretary; Josephine Peterson, Treasurer, Mitchell Vesaas and Doris Dahl were elected to make out the program for our next meeting.

Rutland

The Rutland Kvindeforening of the Central Lutheran church, Stoughton, will meet Saturday at the church parlors and be entertained by Mrs. John Peterson, Mrs. Bert Swenson, Mrs. John Fossem, Mrs. Andrew Fossem, Mrs. Harry Almond, Mrs. Nels Ytre.

Mrs. Susan Compton and niece, Miss Gladys Compton, the nurse, raise a fine garden each year at their home on North Madison St. and yesterday Mrs. Compton weighed one big potato that brought down the scales at a pound and a quarter.

Rev. N. A. Stubkjar has arranged for the dedication of the new school house at the orphans' home near Stoughton to take place at 2 in the afternoon on Sunday. There will be a program of music and singing. The building was completed a few weeks ago and the expense came from donations.

Miss Gladys Compton goes to Janesville Sunday to resume her studies at St. Mary's hospital in that city.

Peter Christopher went to Poynette yesterday after potatoes.

Mrs. F. A. Montague is a visitor with her two children in Madison.

Lawrence Lewis, Russell Stockton and Chester Johnson came home from the Oshkosh State normal school to spend the week end with the parents. Levi Hellickson of the postoffice force visited his sister, Mrs. Floyd Webb and family in Edgerton this week.

The ladies Aid society of the First Universalist church motored beyond Brooklyn Wednesday and had dinner with Mr. and Mrs. Theodore Hollibust.

Mrs. Melvin Sundbye was in Edgerton yesterday attending the birthday party of her sister.

Mrs. W. L. Watson, Mrs. Robert Lynch and Alfred Watson motored to Beloit this morning for a visit with friends.

Carl K. Haried was about town yesterday, the first time in several weeks. He had an operation. Guests of Mr. and Mrs. Haried yesterday were J. O. M. Anderson, wife and son and Andrew Nelson of Viroqua. They were enroute home from Chicago. Mrs. Anderson is an aunt of Mr. Haried.

L. F. Gallegher and Ellis J. Potter of Madison transacted business in Stoughton yesterday.

Church Services.

First Methodist church, R. H. Jones, pastor. 9:45 a. m., church school. 11 a. m., devotional service. Dr. Fred J. Turner will preach and Miss Pearl Amundson will sing. 5:30 p. m., the Young People' of the Congregational church and the Baptist church will be entertained by the Epworth League at 6:30 p. m. 7:30 p. m., preaching service by Dr. Turner. 7:15 p. m. Tuesday, junior choir practice. 7:30 p. m., Thursday, bible study and prayer. Next Saturday evening at 8 o'clock the first quarterly conference will be held.

* * *

First Congregational church, A. W. Sneesby, minister. Sunday school at 9:50. Morning worship at 11. The choir will sing an anthem and the minister will preach on "Echoes of Other Voices."

Australians Must Have Tea Seven Times a Day

Harry D. Tiemann of the Forest Products laboratory, who recently returned from a six months' tour of Australia, lectured in Music hall last night on his experiences. The talk was illustrated by pictures which Mr. Tiemann took during his visit, and by specimens of fruits and ferns.

"The Australians resemble the English very much, in the fact that they are habitual tea drinkers," he said. "They have their tea seven times a day; before breakfast, at breakfast, 10 o'clock in the morning, luncheon, afternoon tea at 4 o'clock, dinner, and before retiring."

Mr. Tiemann made the trip to Australia to confer with the forest commission of that country.

Vocational School Needs Bigger Quarters

New quarters are needed for the vocational school, according to Paul Graven, director of the school. The school now has a total enrollment of 846 the largest ever signed here. The commercial department enrollment alone is 306.

"The present quarters are too small for this number" Mr. Graven said today. "We are forced to use the public school buildings in many instances to afford accommodation for those attending."

Woman Fire Victim is Improved at Hospital

Mrs. Harvey Latham, 322 W. Main st., is reported improved at General hospital where she was taken from her home, Tuesday, suffering from severe burns received when her clothing was set afire by a gas stove.

Free School

Home Economic Expert in Demonstration at Hall Here

"I didn't come to show you how to cook, you already know that. I am here to offer some household benefits, some ideas that are different from yours," said Miss Elsie Hinkley, home economic expert, at the free cooking school demonstration at the Woodman's hall yesterday.

"I don't believe a cook is born and not made. I have seen it proved otherwise. To be a good cook one must know the three keys to success. First is knowledge of the food the cook is dealing with; second accurate measurements; and third, an accurate measure of heat.

College Life Is Struggle, Pastor Says

Y. M. C. A. Students Hold Annual Dinner At Lathrop Hall

Speaking before an assembly of students and faculty members at the forty-first annual membership banquet of the Y. M. C. A. last night in Lathrop parlors Dr. Chas. W. Gilkey, of the Hyde Park Baptist church, Chicago, outlined the struggles of the young man in his critical college years and pointed out the questions which face the youth of today.

The meeting was opened with music and songs led by George W. Walsted '25, followed by an invocation by Rev. A. J. Soldan. An outline of the plans of the cabinet for the year was then presented by the chairmen of the various committees in short talks.

Chairmen Give Addresses

Thomas Tredwell '23, outlined the work of the boys' work committee. James Buxton '23, spoke on the plans for making foreign students feel more at home. The work on discussional groups was presented by Allan Halline '25; americanization, by Wilbur Katz '23; sick visitation by Howard Willett '24; on the religious conference by Haskell Coates; on the coordination of the Hi-Y clubs with the Y. M. C. A. by Kurt Fox; and on the Badger club by Ray Orr '24.

Henry Smith, president of the sophomore commission, outlined the plans of that organization for assisting freshmen during the first few weeks of school. Elmer Gesteland '23, talked of the work of both the membership and publications committee. Allan Walter '24, outlined the work of the junior council; Edward Gibson '24, spoke on the work of the deputation teams; and Harry Augustine '23, outlined the plans for financing the years activities.

Carl Rogers '24, who attended a religious conference of students of the whole world in Pekin, China, this summer, outlined some conclusions arrived at by the conference.

Several announcements were made by Mr. Wolf. Mr. Young, associate secretary of the Y. M. C. A., told some of his impressions of the university and of the plans of the Y. M. C. A. Dean Goodnight spoke for the faculty. Worth Shoults '23, president of the cabinet, presided at the banquet as toastmaster.

Meat at One Meal is Enough, Say Experts

Two hundred twenty-five Madison women received suggestions for daily meal problems at the free cooking school conducted in Woodman hall this week.

Meat once a day is plenty, even if the men do complain, instructors told the women. Wives were advised to use substitutes which contain the same food value for the other meals.

The closing lessons of the school were to be held today.

150 Local K. C.'s Attend Columbus Day Banquet

One hundred and fifty Madison Knights of Columbus and their families motored to Verona, Thursday afternoon, where they were the guests of Rev. Father Nellen and the Catholics of that city at a chicken dinner in observance of Columbus day. Talks were given by Rev. Sidney Dwyer, Father Nellen and Frank C. Blied.

JOINT RESOLUTION
No. 37 of 1921.

To create section 3b of article XI of the constitution relating to the indebtedness of municipal corporations.

WHEREAS, At the biennial session of the legislature for the year 1919, an amendment to the constitution was proposed and agreed to by a majority of the members elected to each of the two houses, which proposed amendment is as follows:

"RESOLVED BY THE ASSEMBLY, THE SENATE CONCURRING, That there be added to article XI of the constitution a new section to read: (Article XI) Section 3b. Any city, in addition to the indebtedness of five per centum authorized by section 3 of this article, may incur an indebtedness not exceeding another five per centum on the value of the taxable property in such city for the purpose of acquiring or constructing street railway properties, or properties for the production, transmission, delivery or furnishing of light, heat, water or power to the public"; now, therefore, be it

RESOLVED BY THE ASSEMBLY, THE SENATE CONCURRING, That the foregoing amendment to the constitution of the state of Wisconsin be and the same is hereby agreed to by this legislature.

NOTE.—(Under the present provision of the constitution, cities and other municipalities are prohibited from becoming indebted in any manner or for any purpose to any amount, including existing indebtedness, in the aggregate exceeding five per centum on the value of taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness. If this proposed amendment is ratified by the people, cities will be authorized to incur an additional indebtedness, not exceeding another five per centum on such value for the purpose of acquiring or constructing the public utilities mentioned in the amendment.)

CERTIFICATE

I, ELMER S. HALL, Secretary of State of the state of Wisconsin, do hereby certify, that the above and foregoing copies of proposed constitutional amendments known as Joint Resolutions Nos. 17, 36 and 37 of 1921, have been compared by me with the original enrolled joint resolutions on file in this department and that the same are true copies thereof and of the whole of such joint resolutions.

GIVEN under my hand and official seal at the Capitol in the city of Madison, this 24th day of August, A. D. 1922.

PROPOSED CONSTITUTIONAL AMENDMENTS

Department of State,)ss.
State of Wisconsin,

I, Elmer S. Hall, Secretary of State of the State of Wisconsin, do hereby certify that the following proposed constitutional amendments were approved by the Legislature of this state at the session of 1921 and referred by it to the Legislature of 1923 and are hereby published as required by Section 1 of Article XII of the Constitution of the state of Wisconsin.

[Jt. Res. No. 24, S.]

JOINT RESOLUTION
No. 24 of 1921

To amend section 7 of article VII of the constitution, relating to circuit judges.

Resolved by the Senate, the Assembly concurring, That section 7 of article VII of the constitution be amended to read: (Article VII) Section 7. For each circuit there shall be chosen by the qualified electors thereof one circuit judge, except that in any circuit * * * **in which there is a county that had a population in excess of eighty-five thousand, according** to the last state or United States census, * * * the legislature may, from time to time, authorize additional circuit judges to be chosen. Every circuit judge shall reside in the circuit from which he is elected, and shall hold his office for such term and receive such compensation as the legislature shall prescribe.

[Jt. Res. No. 8, S.]

JOINT RESOLUTION
No. 28, of 1921

To amend section 21 of article IV of the constitution, relating to compensation of members of the legislature.

Resolved by the Senate, the Assembly concurring, That section 21 of article IV of the constitution be amended to read: (Article IV) Section 21. Each member of the legislature shall receive for his services * * * **seven hundred and fifty dollars per annum,** and ten cents for every mile he shall travel in going to and returning from the place of meeting of the legislature on the most usual route. In case of an extra session of the legislature, no additional compensation shall be allowed to any member thereof, either directly or indirectly, except for mileage, to be computed at the same rate as for a regular session. No stationery, newspapers, postage or other prerequisite, except the salary and mileage above provided, shall be received from the state by any member of the legislature for his services, or in any other manner, as such member.

[Jt. Res. No. 30, S.]

JOINT RESOLUTION
No. 29, of 1921.

To amend section 10 of article VIII of the constitution, relating to internal improvements.

Resolved by the Senate, the Assembly concurring: That Section of Article VIII of the constitution be amended to read: (Article VIII) Section 10. The state shall never contract any debt for works of internal improvement, or be a party in carrying on such works; but whenever grants of land or other property shall have been made to the state, especially dedicated by the grant to particular works of internal improvement, the state may carry on such particular works, and shall devote thereto the avails of such grants, and may pledge or appropriate the revenue derived from such works in aid of their completion. Provided that the state may appropriate money in the treasury or to be thereafter raised by taxation for the construction or improvement of public highways. **Provided, that the state may appropriate moneys for the purpose of acquiring, preserving and developing the forests of the state; but there shall not be appropriated under the authority of this section in any one year an amount to exceed two-tenths of one mill of the taxable property of the state as determined by the last preceding state assessment.**

[Jt. Res. No. 5, S.]

LEGAL NOTICES

JOINT RESOLUTION
No. 39, of 1921.

To amend section 3 to article XI of the constitution, relating to powers of cities and villages.

Resolved by the Senate, the Assembly concurring, That section 3 of article XI of the constitution be amended to read: (Article XI) Section 3. **Cities and villages organized pursuant to state law** * * * are hereby **empowered, to determine their local affairs and government, subject only to this constitution and to such enactments of the legislature of state-wide concern as shall with uniformity affect every city or every village. The method of such determination shall be prescribed by the legislature.** * * * No county, city, town, village, school district, or other municipal corporation shall be allowed to become indebted in any manner or for any purpose to any amount, including existing indebtedness, in the aggregate exceeding five per centum on the value of the taxable property therein, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness. Any county, city, town, village, school district, or other municipal corporation incurring any indebtedness as aforesaid, shall, before or at the time of doing so, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within twenty years from the time of contracting the same; except that when such indebtedness is incurred in the acquisition of lands by cities, or by counties having a population of one hundred fifty thousand or over, for public, municipal purposes, or for the permanent improvement thereof, the city or county incurring the same shall, before or at the time of so doing, provide for the collection of a direct annual tax sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal thereof within a period not exceeding fifty years from the time of contracting the same.

[Jt. Res. No. 22, S.]

JOINT RESOLUTION
No. 47, of 1921.

To amend section 7 of article VIII of the constitution, relating to the authority of the state to borrow money.

Resolved, by the Senate, the Assembly concurring, That section 7 of article VIII of the constitution be amended to read: (Article VIII). Section 7. The legislature may also borrow money to repel invasion, suppress insurrection, or defend the state in time of war **and may borrow a sum not exceeding one-fifth of one mill upon the dollar of the last state assessment for the purpose of aiding land settlement and improvements thereon; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.**

Giver under my hand and official Seal, at the Capitol in the City of Madison, this twenty-eight day of July, 1922.

Luther Memorial

IMPORTANT among the institutions which go to make a city a good or bad place to live in are its churches. Many contend, and perhaps rightly so, that the churches of a community are its most important social and moral adjunct. Every new church, therefore, which is built in Madison should be hailed by its forward-looking citizens as a distinct asset to the city. Such a new church is now in the course of construction on University Avenue, across from Lathrop Hall. Its beautiful lines and proportions have already been a source of admiration to thousands who have chanced to pass it. An opportunity will be offered to the citizens of Madison during the coming week to contribute their share toward the building of this church. It is, we believe, in fact an opportunity. Your support will actually go to make possible the physical substance of this beautiful structure, and you can well regard yourself as the "owner in fee" of so much stone or glass. And your part together with that of hundreds of other right-minded Madison people will go to make a temple of which all Madison will surely be proud.

Luther Memorial occupies a distinct position among Madison churches. Because it happens to be located close to the university, it is very largely a student church. A large proportion of its Sunday morning congregation, which crowds into its now wholly inadequate home, are young men and women in the formative years of their careers. With the greatly increased space which the building will provide, this crowd will grow and grow. In that result we should take pride. If religion has any efficacy, and few of us will deny that it has, we should not be so much concerned with WHERE people go to church as that they DO go to church. Broadminded Christians of whatever creed agree on that proposition. If we help to enlarge Luther Memorial we increase church-going facilities, and that is the important thing. The question of denomination is secondary.

The Capital Times heartily approves of this new project. It will in a general way provide increased church-going facilities for the students as well as townspeople, and thereby help to enlarge that spirit among the people which only churches can enlarge. We happen to know the genial pastor of Luther Memorial, and have been greatly impressed by his likeable personality, as have hundreds of other citizens of Madison in every walk of life. We happen to know, too, that he has been peculiarly successful as the leader of a congregation in whom he has instilled an unusually fine spirit. We chance, also, to know that leaders of this same church have gone far toward instituting in our city many worth-while community enterprises, as, for instance, the Associated Charities and the Y. W. C. A.

But we do not endorse the project merely because it is instigated by a particular group. With the passing of the years other churches of the city may find themselves in a situation similar to that which now offers to Luther Memorial both an opportunity and a responsibility. When they do, this paper shall be as willing to render what assistance it can. This situation arises chiefly from the fact that a large proportion of the Madison population is composed of students, and, also, from that fact that a constitutional prohibition prevents religious instruction at the university. A responsibility therefore devolves upon Madison churches, which Madison citizens should be willing to assume in part. Students contribute much to Madison. Madison does much for them. This is one very worthy enterprise in which we can show our appreciation.

We not only endorse this project, but are enthusiastic to see it succeed. Churches are an important asset to a community. Here is a chance to increase those assets. Your support will go to make the project successful.

A moron is generally a person who has less on.

Voice of the People

THE KU KLUX KLAN

[To the Editor]—It surprises me how ignorant some people are. Mr. Wiesseman as much as makes the statement that Catholics cannot be 100% Americans because they owe allegiance to the Pope. Does not Mr. Wiesseman know what a big percentage of the American army were Catholic? In the face of it can he still say that Catholics cannot be 100% Americans?

The Ku Klux certainly does't seem to be in favor of Catholics. Quoting Jesus Christ, "If you are not for Me, you are against Me", so I figure that the Ku Klux fights Catholics, Jews and Negroes, because they are not for them, contrary to Mr. Wiesseman's denial.

I consider it absurd to even consider an organization that contradicts itself almost in the same breath.

I was pleased to notice the splendid progress of The Capital Times last month; keep it up and good luck.—**Francis von Szeliski.**

Might Blow Up Earth!

Liberation of Atom May Cause Force Which Will Do All the Work of the World.

By the liberation of the atom man may some day have under his control a force which will perform for him the entire work of the world, but if it gets beyond his control it may blow the earth and its inhabitants to smithereens, Dr. Aston said in a lecture delivered recently before the members of the British Association. But the chances of such a catastrophe are practically negligible, he explained.

Dr. Aston opened his address with a description of the infinite minuteness of the atom. "If a tiny hole were made in the side of an electric light bulb," he said, "so tha tthe molecules of air could pass in at a rate of 1,000,000 a second, it would take 100,000,000 years before the bulb was full, and there are two atoms in each molecule of air."

Dr. Aston told how Professor Rutherford had discovered that all atoms were simply different combinations of electricity. The positive particles were cemented together by the negative particles. Tables, houses, chairs, motor-cars—in fact, all animate and inanimate substances, including man himself—were composed simply of electricity.

"What we know as a lump of coal," the speaker declared, "is simply an incomprehensible large number of electrical particles clustering together. If these particles could be liberated and controlled, they would provide vastly more power than would be needed to run all the machinery that man ever could devise.

"Professor Rutherford," said Dr. Aston, "succeeded in arranging a collision between the central portions of two atoms. The result was the transmutation of the atoms into entirely different forms of matter.

"The possibility of such transmutation on any scale is of enormous importance. If the amount of hydrogen which goes to constitute a tablespoonful of water were transmuted into helium, the energy liberated would be 200,000 kilowat hours—one-seventh of the total amount of electricity used in London in a day for lighting and power purposes.

"The possibility has been discussed," said Dr. Aston, "that this energy, when first liberated, would be out of human control. In that case, if all the hydrogen on earth were detonated into space, the successful experiment would be published throughout the entire universe as the birth of a new star. The probability of this catastrophe," added Dr. Aston, "is practically negligible."

HEALTH IMPROVEMENTS IN CHINA

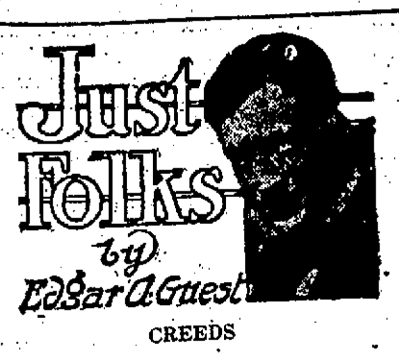
THE international settlement of Shanghai, which with a population of about 750,000 is a component party of the general city of Shanghai with a population upwards of two millions, is to have its first sewer system in operation some time in November, according to estimates made in mid-summer.

The general sewer project that has been planned contemplates the building of a system that wil serve the entire international settlement and it is the construction of the first unit of this system that will be completed in November. This first unit is confined to what is called the central district bounded by Soochow Creek, Thibet Road, Avenue Edward VII, the boundary of the French concession, and The Bund. About thirteen miles of sewer mains are being built in this first unit. The mains are of concrete and egg shaped of a is of the gravity and pumping type, the fall type in use in Bombay where conditions simliar to those of Shanghai exist.

FORMER PREMIER FIGURES IN NEW GREEK UPHEAVAL

Alexandro Zaimis.

Alexandro Zaimis, veteran of many political coups in Greece, is taking a leading part in the affairs of state since the upheaval which dethroned King Constantine.



CREEDS

I care not what his creed may be
Nor what his caste or clan,
He still shall be a friend to me
If he but play the man.

No barrier of creed shall fling
Its prejudice before
The honest man who comes to bring
His friendship to my door.

If he be gentle, brave and true,
And stand with head erect,
This much he is entitled to,
My friendship and respect.

And if he be ill-mannered here,
Selfish and speak the lie,
I shall not hold his conscience clear
Because he prays as I.

I shall not brother with the shame
Of any sinful deed,
Or seek to gloss a tarnished name
With lustre of a creed.

I shall not ask his form of prayer
Nor what his church may be,
The good man, kind and just and fair,
Shall find a friend in me.

(Copyright, 1922, by Edgar A. Guest)

Talk of the Times

King to See His Yacht; 73-Year-Old at Harvard; Big Resort Near New Orleans.

ROYAL YACHT WILL BE SOLD

THE Royal Yacht Alexandria, the favorite boat of Kind Edward VII, costs the British government $125,000 a year to maintain. Hence she is soon to be offered for sale. King George has another yacht, the Victoria and Albert, which will be retained. Virtually all the luxurious fittings on board the Alexandria will be included in the sale, which is to be without restriction except that the purchaser be not of ex-enemy nationality.

* * *

73 YEAR OLD NEBRASKAN ENTERS HARVARD

COL. George Lyon of Nelson, Neb., 73, is proving the theory that a man is never too old to learn, according to his friends here.

Despite his advanced age, the colonel, after three years of intensive preparatory work, has enrolled as a student at Harvard. Although he has been in the east for some time getting ready for his school work, his friends here are still talking of his remarkable desire for knowledge.

In Nelson, Col. Lyon is known for a good many accomplishments, among them his ability as a reader. Early in life he gained local fame by his recitations from the best known authors. He has been a banker, real estate broker, an abstractor and the owner of "The Nuckolls County Herald".

His business activities have not prevented him from serving the people. He organized a local military company of which he became captain. This was in the days when the Indian was held a menace to the advancement of the civilization of the white settlers, and while the Indian scare was at its height in western Nebraska, he went with the "boys" to combat it. After the uprising was put down he was advanced to a colonel, a title by which he still is known.

PLAN RESORT IN GULF NEAR NEW ORLEANS

THE century-old dream of converting Grand Isle, located on the Gulf of Mexico about 50 miles south of New Orleans into one of America's greatest resorts, is revived with the announcement that a meeting of men interested will be held Oct. 20 to further the project. Options on 3,500 acres of land on the island are reported to have been obtained by the promoters who plan the construction of a seawall, hotels, cottages, etc. at an initial expenditure of $10,000,000.

A monorail system for transportation from New Orleans to the island is included in the plans. This system has an overhead track along which suspended cars can be borne at a high rate of speed. This method is used chiefly in Europe but the promoters believe the Grand Isle route ideal for its American test on a large scale.

DISCOVER GIANT FOSSIL OYSTER SHELLS

GIANT fossil oyster shells, said by scientists to be more than 400,000 years old and some of them measuring more than three feet in length, have been discovered in a clay bank in Starr county, Texas, near a petrified forest.

The fossils were found in a clay and shell bank about 1,000 feet above sea level. Some of the specimens have been sent to the Smithsonian Institute and others to the Public Health Service.

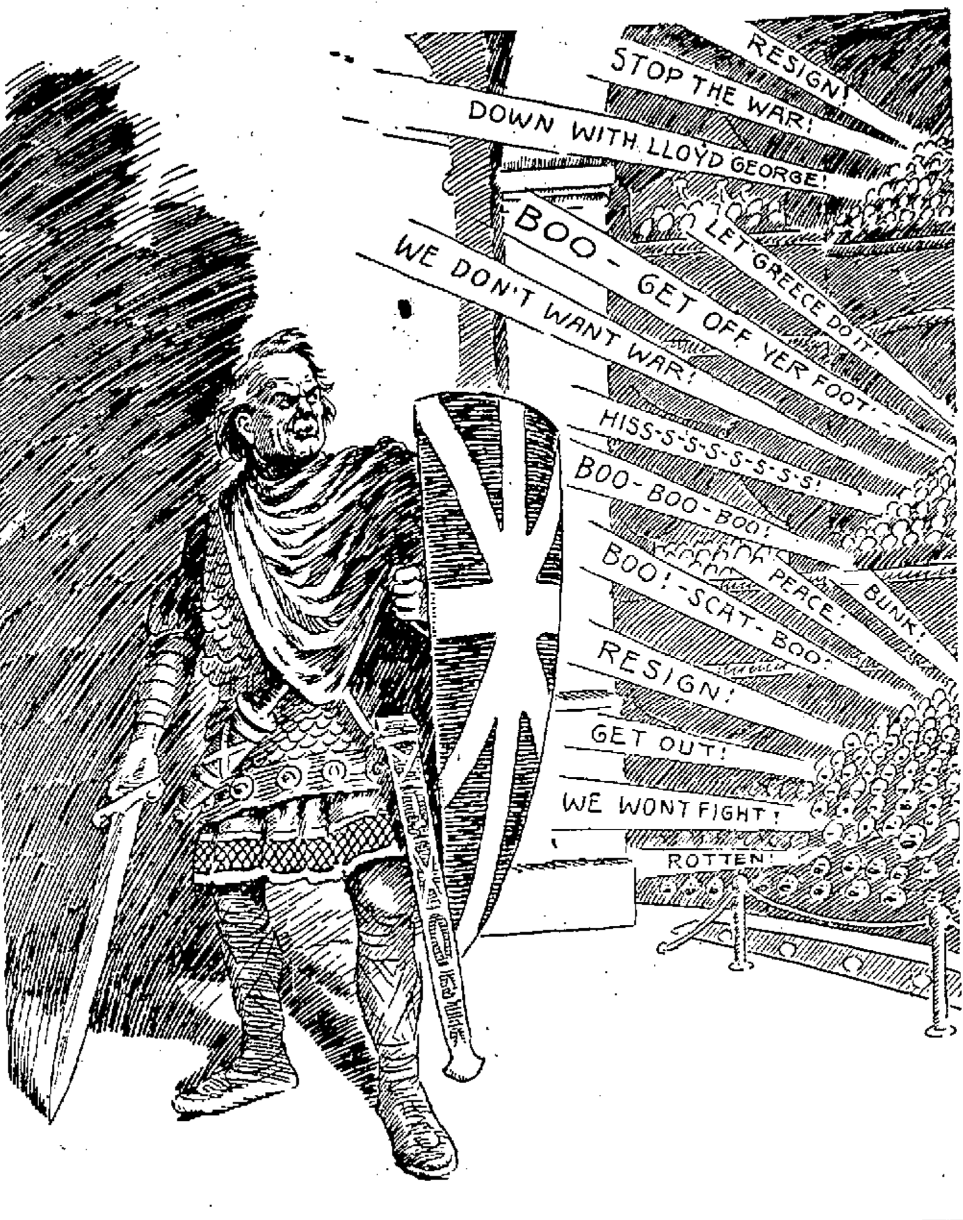
Scientists declare that huge reptiles swam in the waters whic hcovered the lower Rio Grande valley in the Paleozic age and that the large oysters lodged in the gravel banks along the seashore in what is now Starr and Zapata counties.

This conversation was heard in a small North Carolina village:

"Whaddoyo' think ob Mistah Smith, de bankah, Mosé?"

"Mistah Smith, de bankah He's a fine gen-T'man. Yes, suh. And a good man, too. I'se borrowed five bucks ob him mo'n a yeah ago, an' he ain't nevah ask fo' it. All I does is to gib him a qua'tah dollah every Saddy—what he calls intrust—an' he tells me not to bodder about de principal, w'ich am de five."

Lloyr George's Premier Act, Entitled, "England Must Defend the Freedom of the Straits," Was Not Well Received at the United Kingdom Theatre by the British Trades Union and Parliamentary Labor Party, Representing 5,000,000 Workers.



RESIGN!
STOP THE WAR!
DOWN WITH LLOYD GEORGE!
LET GREECE DO IT!
BOO - GET OFF YER FOOT!
WE DON'T WANT WAR!
HISS-S-S-S-S-S-S!
BOO-BOO-BOO!
PEACE!
BUNK!
BOO!-SCAT-BOO!
RESIGN!
GET OUT!
WE WONT FIGHT!
ROTTEN!

Generous Morgan Co.!

Mr. Lamont Wants to Cancel Europe's Debts to the United States

[From Chicago American.]

Nothing more pleasing than generosity, when it comes from the heart. When it breaks out at a meeting of bankers, supposed, by the ignorant, to be cold, the thing is the more beautiful.

Behold Mr. Lamont of J. Pierpont Morgan & Co., urging upon bankers to forgive the debts of the allies, amounting now to ten thousand million dollars.

There was an idea that such forgiving should be done by Congress and the ordinary little people, but that seems a MISTAKE.

The public will be interested in the bankers' decision on the question. While the war was on Mr. Lamont's firm, Morgan & Co., made tens of millions out of the war. In fact, that war did the firm a great deal of good, at a rather critical moment.

Many of the millions that Europe owes the United States passed through the hands of Morgan & Co. buying goods here, and Morgan & Co. didn't lose anything on the transactions! The money lent to Europe was supplied by little people that bought Liberty Bonds and sold them at a loss. If the debts are now forgiven those same little people will have to be taxed over again or buy more bonds, to be sold at a loss, in order to make up the ten thousand millions.

You can't help admiring the generous impulse expressed by Mr. Lamont. Nor can you help wondering what he would say if some demagogue leading a crowd of little people asked them seriously to consider the advisability of returning to Europe the profits that Morgan & Co. took out of the war, "because we want to show kindness to our dear allies and brothers."

Headline—"American Shot in Brest." Well, very few Americans are shot in the back.

"Earth"

How beautiful to see the fires of youth
Display itself on faces fine and wide.
All eager with the years of truth—
And surging into Life's great tide.
To see the sparkle in a glittering eye;
Each shred of down a quiver with the joy;
The trembling lips are parted with a cry
Of hope, for what the future must destroy!

A little grey and bent, and showing care,
With tired lines that can not help but droop;
A faint attempt to smile—a dare
Of cheerful greeting; then he stoops
Beneath the burden of hopes long dead!
Those brands of flame he ventured years ago,
Fell to ashes grey—where ghosts now tread—
To laugh in mocking glee at woe!

Fiercely burning in an Ancient's eye,
I catch the spark of Youth's great flame.
The blasted years could not defy
Nor kill, nor place the blame
Why is it so?
The many torches flash at twenty odd—
The wick burns low—
Too many wrecks are laid beneath the soil

—Helen Hardy.

Prosperity Is Bad

Swedish Professor Says It Brings Degeneration; Has Praise For Middle Class.

Prosperity is a bad thing for a race because it is one of the first steps toward degeneration, is the opinion of Prof. Herman Lundberg, head of the Race Biological Institute at Upsala, Sweden, and well known for his investigations into eugenics and racial biology.

Prosperity brings with it the gradual elimination of the good old middle class, and this in any country is a sure sign of decay. "There is grave doubt," the speaker continued, "whether a people really gains any profit when millions of money begin to pour into the country. Experience, past as well as present, shows that when wealth is suddenly increased it brings endless new needs. Luxuries are demanded, lassitude sets in, and the interest in work and production falls off. Women begin to avoid maternity. All of these processes, beginning in the middle and upper classes, gradually work downward and in time destroy the race. Thus they are as much menace to a country as a powerful political enemy."

The professor approves of birth control, however, especially among the less desirable elements of a country's population, and he believes that the reproduction of a race should be limited, as far as possible, to those who are "well-born". He is stoutly opposed to the mixing of the races, and gives this as one of the reasons why populations in larger cities tend to degenerate, except in so far as racially replenished from the country districts.

"Europe is decaying, not only as a result of political cataclysms, but also because of a misconception of racial hygiene, and a failure to counteract the forces of regeneration. A strong middle class is necessary for the racial health of a people. Increasing industry and trade make it possible to feed a larger population, but at the same time brings about a serious change in the structure of society. The old middle class decays and finally disappears. A new middle class is formed, to be sure, but it is of poorer substance. Meanwhile there is numerical gain in both the upper and lower classes, especially the latter. In time the working class becomes the largest, and underneath this comes a layer of human trash."

TURKS SEEK PACT WITH BULGARIANS AGAINST GREEKS

Ahmed Riza Bey.

Ahmed Riza Bey, former president of the Turkish parliament, is attempting to negotiate an offensive and defensive alliance with Bulgaria against the Greeks. Riza Bey now represents Kemal Pasha.

On the Side

Lewis L. Clarke, president of the American Exchange Bank of New York, tells Judge this capital story of the lack of emotion of the average banker when approached for a financial favor.

A gentleman desiring to borrow some money called upon the president of a prominent bank and told his story in an appealing manner.

After listening, the banker said: "My friend, I'll make you a sporting proposition—a sort of 'fifty-fifty' proposal. It is not generally known that I have a glass eye."

The visitor looked at the banker closely and said: "I never suspected that!"

"Few do," replied the banker, looking at the man with a straight face. "Now if you will tell me which of my eyes is glass, I will make you a loan without a moment's hesitation."

"It is your left eye," was the quick response.

"You are right," said the banker. "But how could you tell?"

"Well," replied the applicant for a loan, "I noticed during the time I was telling my story that your left eye was more sympathetic."—Judge.

A helper on the aviation field on Long Island aided in keeping the poise of the machine as it prepared to "take off" by the customary method of riding astride the tail. Before he could jump off the airplane was 500 feet in the air. The pilot happened to turn and notice him. The descent was made and the helper alighted safely. It is a very good thing that an airplane cannot wag its tail in flight.

THOROUGH-BASS

When as I tramp my daily rounds,
I listen to the autumn sounds—
The sounds of summer and of spring
Somehow possess a different ring;
The surface noises are the same,
But underneath, like roaring flame,
Or thunder tones, or distant bells,
A sub-bass rises, hums and swells;
'Twas always there, but now it grows
In volume, till it overflows
Its limits, like a freshet in
The spring, and scares us with its din.

For now a hundred thousand Babbitts,
According to their standard habits,
Arise at all their autumn feasts
And imitate domestic beasts
Who celebrate their fellowing
With super-bovine bellowing.
The politician now extolls
His record, looking to the Polls;
The publisher announces pure
Inspired, world-shaking Littrachure;
The theaters have, one and all,
Found Perfect Dreams for the fall
The chorus rumbles, deep and full—
The Bull—the everlasting Bull!

OUR PET CYNIC SAYS—

John McCormack makes $300,000 a year and yet some philosopher once said, "Silence is golden."

Woman's Best Age 45

Mary Roberts Rinehart Says Best Service Can Be Rendered When Mind Has Mellowed.

MARY ROBERTS RINEHART

"LET no woman who has crushed down her dreams of a career because she was not free to start until middle age be disheartened," says Mary Roberts Rinehart, authoress. "With the possible exception of starting any taxing physical work, I should urge every woman to prepare for her best service at forty, or forty-plus. At forty a woman's mind has either sharpened or mellowed. It sharpens through self-interest, being turned inward upon its own experiences. It mellows by giving itself out and remaining sensitive to the needs I myself would not hesitate and experiences of others. is never too old to stdofivo o througzl to begin the study of Sanskrit at fifty or sixty One is never too old to write. In order to write one must be a sponge and have soaked up and felt all manner of experiences."

Our Last Word on Health

Soon the frost
Will shut us up
And shut our windows down;
Then we'll cough,
Have sore throats,
And pass our colds around.

For every twenty-five cent piece spent in the prevention of malaria, one dollars worth of treatment could be saved.

When one is a victim of "Uncinariasis" (that's hookworm disease)—or malaria, he becomes an easy mark for every other disease.

Twenty-five cents worth of thymol will cure a case of hookworm, and an hours work with hammer and saw will prevent further infection.

Sanitarians have banished yellow fever from the face of the earth—Herculean task! It will not be more difficult to banish malaria and hookworm. That will also be done.

Thank your sanitarians for the Panama Canal. They also made Havana habitable. Lend them your moral and financial support and they will make the tropical belt a health resort.

The sanitation of any community is a guide to its progressiveness, and the death rate of any community is a guide to its sanitation.

In progressive, sanitary communities the death rate will range from 10 to 15 per thousand persons, per annum; in backward, insanitary communities, the death rate will run 25 to 40 per thousand persons.
